
ALBEMARLE FUNDS PLC

PROSPECTUS

24 September 2018

An investment company with variable capital investment constituted as an umbrella fund with segregated liability between sub-funds in Ireland with registered number 435796 and authorised pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended. Shares are currently being offered in:

**ALBEMARLE TARGET ITALY FUND
ALBEMARLE EURO FLEXIBLE FUND
ALBEMARLE EURO BOND FUND
ALBEMARLE GREATER ASIA FUND
ALBEMARLE TARGET EUROPE FUND
ALBEMARLE TARGET ITALY FUND HEDGED**

Shares in the Company are currently available for subscription and purchase.

The Directors of the Company whose names appear on page 4 accept responsibility for the information contained in this prospectus (the "**Prospectus**"). To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Distribution of this Prospectus is not authorised after the publication of the first half-yearly report of the Company unless it is accompanied by a copy of such report and is not authorised after the publication of the first annual report of the Company unless it is accompanied by a copy of the latest annual report and, if published thereafter, the latest half-yearly report.

THIS PROSPECTUS CONTAINS IMPORTANT INFORMATION ABOUT THE COMPANY AND SHOULD BE READ CAREFULLY BEFORE INVESTING. IF YOU HAVE QUESTIONS ABOUT THE CONTENTS OF THIS PROSPECTUS OR THE SUITABILITY OF AN INVESTMENT IN THE COMPANY FOR YOU, YOU SHOULD CONSULT YOUR BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER FINANCIAL ADVISER.

Certain terms used in this Prospectus are defined under “Definitions” below.

CENTRAL BANK AUTHORISATION

The Company has been authorised by the Central Bank as a UCITS within the meaning of the Regulations. The authorisation of the Company as a UCITS by the Central Bank is not an endorsement or guarantee of the Company by the Central Bank nor is the Central Bank responsible for the contents of this Prospectus. The authorisation of the Company by the Central Bank shall not constitute a warranty by the Central Bank as to the performance of the Company and the Central Bank shall not be liable for the performance or default of the Company.

Investment Risks

There can be no assurance that a Fund will achieve its investment objective. An investment in a Fund involves investment risks, including possible loss of the amount invested. In view of the fact that a commission is payable on a subscription by an investor in a Fund and investment in a Fund should be regarded as a medium to long term investment. Details of certain investment risks and other information for an investor are set out more fully in this Prospectus.

Selling Restrictions

The distribution of this Prospectus and the offering or purchase of Shares may be restricted in certain jurisdictions. No persons receiving a copy of this Prospectus or the Application Form in any such jurisdiction may treat this Prospectus or such Application Form as constituting an invitation to them to subscribe for Shares, nor should they in any event use such Application Form unless, in the relevant jurisdiction, such an invitation could lawfully be made to them and such Application Form could lawfully be used without compliance with any registration or other legal requirement. Accordingly, this Prospectus does not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of any persons in possession of this Prospectus and any persons wishing to apply for Shares, pursuant to this Prospectus or the Application Form, to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdiction. Prospective applicants for Shares should inform themselves as to the legal requirements of so applying and any applicable exchange control regulations and taxes in the countries of their respective citizenship, residence or domicile.

Distribution of this Prospectus is not authorised in any jurisdiction unless accompanied by a copy of the then latest published annual report and audited accounts of the Company and, if published after such report or annual report, a copy of the latest semi-annual report and unaudited accounts. Such reports and this Prospectus together form the prospectus for the issue of Shares in the Company.

The Shares have not been and will not be registered under the US Securities Act of 1933, as amended and may not, except in a transaction which does not violate US securities laws, be directly or indirectly offered or sold in the United States or to any US Person. The Company has not been and will not be registered under the US Investment Company Act of 1940, as amended.

The Constitution gives powers to the Directors to impose restrictions (but not the obligation) on the holding of Shares by (and consequently to effect the redemption of Shares held by) or the transfer of Shares to any US Person (unless permitted under certain exceptions under the laws of the United States) or by any person or persons in circumstances (whether directly or indirectly affecting such person or person, and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Directors to be relevant) which in the opinion of the Directors might result in the Company incurring any liability to taxation or suffering pecuniary disadvantage which the Company might not otherwise have incurred or suffered.

Shares are offered only on the basis of the information contained in this Prospectus. Any further information or representation given or made by any dealer, salesman or other person not contained in this Prospectus or in any reports and accounts of the Company forming part hereof must be regarded as unauthorised and should be disregarded and accordingly should not be relied upon. Neither the delivery of this Prospectus nor the offer, issue or sale of Shares shall, under any circumstances, constitute a representation that the information contained in this Prospectus is correct as of any time subsequent to the date of this Prospectus. To reflect changes, this Prospectus may from time to time be updated and intending subscribers should enquire of the Administrator as to the issue of any later Prospectus or as to the issue of any reports and accounts of the Company. Statements made in this Prospectus are based on the law and practice currently in force in Ireland and are subject to changes therein.

This Prospectus should be read in its entirety before making any application for Shares.

All Shareholders are entitled to the benefit of, are bound by and are deemed to have notice of the provisions of the Constitution, copies of which are available as mentioned herein.

Distribution of this Prospectus in certain jurisdictions will require that the Prospectus be translated into other languages. Where such translation is required, the translated version of the Prospectus will accord in all respects with the English version.

Shareholders should note that the Constitution permits the Company to impose a front end fee of up to a maximum of 5% of the Net Asset Value per Share to purchases. A switching fee of up to 5% and a repurchase fee of up to 3% may also be chargeable. In the event that such charges are imposed the difference at any time between the sale and repurchase price of Shares means that any investment in the Company should be viewed as being in the medium to long term. Prices of Shares in the Company may fall as well as rise.

The Company and the Administrator have a responsibility to regulators for compliance with money laundering regulations around the world and for that reason, existing Shareholders, potential subscribers for and transferees of Shares may be asked for proof of identity. Until satisfactory proof of identity is provided by potential investors or transferees, either of the above reserve the right to withhold issuance of Shares or any transfer of Shares. In case of delay or failure to provide satisfactory proof of identity, any of the above may take such action as they see fit.

Marketing Rules

Shares are offered only on the basis of the information contained in this Prospectus and, as appropriate after publication of the latest audited annual accounts and any subsequent half-yearly report.

ALBEMARLE FUNDS PLC
SUMMARY

Structure

The Company is an investment company with variable capital incorporated in Ireland on 5 March 2007 under registration number 435796. The Company has been authorised by the Central Bank as an umbrella fund with segregated liability between sub-funds pursuant to the Regulations and has been authorised by the Central Bank as a UCITS. A separate portfolio of assets will be maintained in relation to each Fund.

The Funds of the Company, in which Shares are in issue, are the Albemarle Target Italy Fund, Albemarle Euro Flexible Fund, Albemarle Euro Bond Fund, Albemarle Greater Asia Fund, Albemarle Target Europe Fund, and Albemarle Target Italy Fund Hedged. See the relevant Supplements for further details. It is the Directors' intention to add other Funds in the future, with the prior approval of the Central Bank. A supplement relating to any new Fund or an amended and restated prospectus will be issued by the Directors at the time of the creation of the Fund.

The Shares of each Fund may be divided into different Classes to accommodate different currencies and/or charges and/or dividend and/or fee arrangements. A separate pool of assets will not be maintained for each Class. The creation of further Classes must be notified to, and cleared in advance with, the Central Bank.

Distribution Policy

The Constitution empowers the Directors to declare semi-annual and/or annual dividends in respect of any Shares out of net income (including dividend and interest income) and the excess of realised and unrealised capital gains over realised and unrealised losses in respect of investments of the Company, subject to such adjustments as may be determined to be appropriate by the Directors from time to time, including to allow for the effect of sales or purchases, to reflect an estimated or actual repayment of tax or to reflect any income accrued but not received by the Company, provided that all such adjustments will be in accordance with the Constitution.

Any dividend unclaimed after a period of 6 years from the date of declaration of such dividend shall be forfeited and shall revert to the relevant Fund.

Any failure to supply the Company or the Administrator with any documentation requested by them for anti-money laundering or anti-fraud purposes may result in a delay in the settlement of dividend payments. In such circumstances, any sums payable by way of dividend to Shareholders shall remain an asset of the relevant Fund until such time as the Administrator is satisfied that its anti-money-laundering and anti-fraud procedures have been fully complied with, following which such dividend will be paid.

The distribution policy for each Fund will be determined by the Directors from time to time and shall be specified in the relevant Supplement.

Investment Risks

An investment in a Fund involves investment risks, including possible loss of the amount invested. Moreover, there can be no assurance that a Fund will achieve its investment objective. A more detailed description of certain investment risks relevant to investors in a Fund is set out under "Investment Risks" below.

Share Dealing

Shares can normally be purchased, sold or switched on any Dealing Day.

Pricing

There is a single price for buying, selling and switching Shares in a Fund. This is represented by the Net Asset Value per Share of the relevant Fund. A front end fee of up to a maximum of 5% of the Net Asset Value per Share may be charged at the discretion of the Directors. A repurchase fee of up to 3% of the Net Asset Value per Share and a switching fee of 5% may also be charged at the discretion of the Directors.

Minimum Investment

The minimum investment in any Fund will be determined by the Directors at the time of the creation of the Fund. See the relevant Supplement for further details.

Additional Investment

The minimum additional investment in any Fund will be determined by the Directors at the time of the creation of the Fund. See the relevant Supplement for further details.

Valuation Point

The Valuation Point for each Fund will be determined by the Directors at the time of creation of the Fund. See the relevant Supplements for further details.

Base Currency

The currency in which each Fund will be denominated will be determined by the Directors at the time of creation of the Fund. See the relevant Supplement for further details.

Fees and Expenses

Investors' attention is drawn to the details of the fees and expenses charged by the Company. See Part Two, Appendix 1 for further details.

Taxation

Non-Irish investors in the Company will be exempt from Irish income, capital gains and capital acquisitions taxes. No Irish stamp duty or other taxes are payable on subscriptions for shares.

Selling Restrictions

The Shares may not be purchased or held by US Persons unless pursuant to an exemption under applicable US law and may not be offered or sold in any jurisdiction in which such offer or sale is not lawful or in which the person making such offer or sale is not qualified to do so or to anyone to whom it is unlawful to make such an offer or sale.

Reporting Currency

For the purposes of the compilation of the semi-annual and annual report and accounts of the Company, the reporting currency for each Fund will be in the Base Currency of the Fund.

DEFINITIONS

In this Prospectus:-

- "Administrator"** means Northern Trust International Fund Administration Services (Ireland) Limited or such other person as may be appointed, in accordance with the requirements of the Central Bank, to provide administration services to the Trust;
- "Administration Agreement"** means the administration agreement (as amended from time to time) dated 19 April 2007 as novated by way of a novation agreement dated 3 December 2012 between the Company, Northern Trust Securities Services (Ireland) Limited and the Administrator;
- "Application Form"** means the application form available from the Company.
- "Base Currency"** means the currency of account of a Fund as determined by the Directors at the time of the creation of the Fund and set out in the relevant Supplement;
- "Business Day"** means a day on which banks are open for business in Dublin and London provided that the Directors following consultation with the Administrator, may designate, as a Business Day, any other day which would not be a Business Day under this definition;
- "Capitalisation Shares"** the issued share capital of 300,000 Shares of no par value issued at one Euro each and initially designated as "Capitalisation Shares" but which do not entitle the holders to participate in the profits of the Company attributable to any Fund;
- "Capitalisation Shareholder"** a person registered in the register of members of the Company as a holder of Capitalisation Shares;
- "Class"** means a class of Shares in a Fund having the details more particularly set out in the Prospectus and any Supplement to this Prospectus;
- "Central Bank"** means the Central Bank of Ireland or any successor regulatory authority with responsibility for authorising and supervising the Company;
- "Central Bank UCITS Regulations"** means the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015 as may be amended or supplemented from time to time and the guidelines issued by the Central Bank from time to time affecting the Company;
- "Company"** means Albemarle Funds plc;
- "Companies Act"** means the Companies Act 2014 (as amended, consolidated or supplemented from time to time);

"Connected Person"	means the persons defined as such in the section entitled "Portfolio Transactions and Related Party Dealings" below;
"Constitution"	means the Memorandum & Articles of Association of the Company;
"Data Protection Legislation"	means the Irish Data Protection Acts 1988 and 2003 (as may be amended or re-enacted) and the EU General Data Protection Regulation, Regulation (EU) 2016/679, the effective date of which is 25th May 2018;
"Dealing Day"	means in respect of each Fund, such Business Day or Business Days as specified in the relevant Supplement provided that there shall be at least two dealing days at regular intervals in every month;
"Dealing Deadline"	means in relation to applications for subscription, redemption or switching of Shares in a Fund, the day specified in the relevant Supplement;
"Depositary"	means Northern Trust Fiduciary Services (Ireland) Limited or such other person as may be appointed, in accordance with the requirements of the Central Bank;
"Depositary Agreement"	means the amended and restated depositary agreement (as amended from time to time) dated 26 September 2016 between the Company and the Depositary;
"Directors"	means the directors of the Company for the time being and any duly constituted committee thereof;
"EEA"	means the European Economic Area which comprises the Member States together with Iceland, Lichtenstein and Norway;
"ESMA"	means the European Securities and Markets Authority;
"EU"	means the European Union;
"EU Member State"	means a member state of the EU;
"Euro" or "EUR" or "€"	means the lawful currency of the Eurozone and any successor currency thereto;
"Exempt Investor"	means any of the following Irish Residents: (i) a qualifying management company as referred to in Section 739B TCA; (ii) a company carrying on life business within the meaning of Section 706 TCA; (iii) a pension scheme which is an exempt approved scheme within the meaning of Section 774 TCA, or a retirement annuity contract or Trust scheme to which Section 784 or Section 785 TCA applies; (iv) any other investment undertaking as referred to in Section 739B TCA or an investment limited partnership within the meaning of Section 739J TCA; (v) a special investment scheme as referred to in Section 737 TCA; (vi) a unit trust of a type referred to in Section 731(5)(a) TCA; (vii) a person

who is entitled to exemption from income tax or corporation tax by virtue of Section 207(1)(b) TCA; (viii) a person who is entitled to exemption from income tax and capital gains tax by virtue of Section 784A(2) TCA in circumstances where the Shares held are assets of an approved retirement fund or an approved minimum retirement fund; (ix) a specified company as referred to in Section 739B TCA; (x) a person entitled to exemption from income tax and capital gains tax by virtue of Section 787I TCA in circumstances where the shares are assets of a PRSA; (xi) a credit union with the meaning of Section 739B TCA; (xii) the Courts Service within the meaning of Section 739B TCA ;(xiii) the National Treasury Management Agency or a Fund investment vehicle or the Irish State acting through the National Treasury Management Agency as referred to in Section 739D(kb) TCA; (xiv) the National Asset Management Agency; (xv) a company within the charge to corporation tax in accordance with Section 110(2) TCA; or (xvi) any other person resident in Ireland who is permitted to own Shares under Irish taxation legislation or by practice or concession of the Irish Revenue Commissioners without requiring the Company to deduct appropriate tax in respect of any payment to a Shareholder or the transfer by a Shareholder of any Shares, and in each case in respect of whom the Company is in possession of a Declaration, as applicable;

"FDI" means financial derivative instruments as described herein and used by the Company from time to time;

"Fund" means a distinct portfolio of assets established by the Directors (with the prior approval of the Central Bank) constituting in each case a separate fund represented by a separate Class or Classes with segregated liability from the other Funds and invested in accordance with the investment objective and policies applicable to such Fund as specified in the relevant Supplement;

"Index" or "Indices" means the index or indices to which the performance of a Fund is linked or which may be used as a benchmark for the performance of the Fund;

"Intermediary" means a person who carries on a business which consists of, or includes, the receipt of payments from an investment undertaking on behalf of other persons or holds shares in an investment undertaking on behalf of other persons;

"Investment Management Agreement" means the agreement between the Company and the Investment Manager as amended, supplemented or otherwise modified from time to time;

"Investment Manager" means Albemarle Asset Management Limited or such other person or person from time to time appointed by the Company as the Investment Manager of the Company and in accordance with Central Bank requirements;

"Irish Resident" means any company resident, or other person resident or ordinarily resident, in Ireland for the purposes of Irish tax. Please see the

"Taxation" section below for the summary of the concepts of residence and ordinary residence issued by the Irish Revenue Commissioners;

"Irish Revenue Commissioners"	means the Irish authority responsible for taxation;
"Irish Stock Exchange"	means the Irish Stock Exchange Limited and any successor thereto;
"Minimum Holding"	means the minimum holding, if any, in a Fund as determined by the Directors at the time of creation of the Fund, details of which are contained in the relevant Supplement issued at the time of creation of a Fund;
"Net Asset Value of a Fund" or "Net Asset Value per Share"	means the amount determined on any Valuation Date at the Valuation Point in accordance with the principles set out below as being the Net Asset Value of a Fund or the Net Asset Value of Shares in a Fund, as the case may be;
"Non-Participating Shares"	means the Subscriber Shares and the Capitalisation Shares;
"Non-Participating Shareholder"	a person registered in the register of members of the Company as a holder of Non-Participating Shares;
"Offer Period"	means the period during which Shares in a Fund will be made available at the Subscription Price, details of which are contained in the Supplement issued at the time of creation of the Fund;
"Regulations"	means the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as may be amended or supplemented from time to time);
"Regulated Market"	means any stock exchange or market which meets the regulatory criteria (regulated, operates regularly, recognised and open to the public) and which is listed in Appendix IV;
"Related Companies"	has the meaning assigned thereto in the Companies Act. In general this states that companies are related where 50% of the paid up share capital of or 50% of the voting rights in one company are owned directly or indirectly by another company;
"Relevant Institutions"	means a credit institution authorised in the European Economic Area, a signatory state to the Basle Capital Convergence Agreement or authorised in Jersey, Guernsey, the Isle of Man, Australia or New Zealand;
"Securities Financing Transactions" or "SFTs"	means repurchase/ reverse repurchase and securities lending;
"Securities Financing Transaction Regulations"	means Regulation (EU) 2015/2365 of the European Parliament and Council of 25 November 2015 on transparency of securities financing

transactions and of reuse and amending Regulation (EU) No 648/2012, as may be amended from time to time;

"Shares"	means ordinary shares in a Fund, which may be divided into different classes;
"Shareholder"	means a holder of Shares;
"Sponsor"	means Albemarle Asset Management Limited;
"Subscription Price"	means the price at which Shares in a Fund will be offered during the Offer Period details of which are contained in the relevant Supplement;
"Subscriptions/Redemptions Account"	means the account in the name of the Company through which subscription monies and redemption proceeds and dividend income (if any) for each Fund are channelled, the details of which are specified in the Application Form;
"Subscriber Shares"	means the issued share capital of two subscriber shares of no par value issued at one Euro each and initially designated as "Subscriber Shares" but which do not enable the holders to participate in the profits of the Company attributable to a Fund;
"Subscriber Shareholder"	means a person/persons registered in the register of members of the Company as a holder or holders of Subscriber Shares;
"Supplement"	means any Supplement to this Prospectus;
"TCA"	means the Taxes Consolidation Act 1997 (as amended);
"Total Return Swaps"	has the meaning defined in the Securities Financing Transaction Regulations;
"UCITS"	means an undertaking for collective investment in transferable securities which is authorised under the Regulations or authorised by a competent authority in another member state of the European Union in accordance with Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 (as amended): <ul style="list-style-type: none">- the sole object of which is the collective investment in transferable securities and/or in other liquid financial assets referred to in the Regulations of capital raised from the public and which operates on the principle of risk-spreading; and- the shares of which are, at the request of holders, repurchased or redeemed, directly or indirectly, out of that undertaking's assets;
"United States" or "US"	means the United States of America, its territories, possessions and all areas subject to its jurisdiction (including the States, the District of Columbia and the Commonwealth of Puerto Rico);

"US Person"	means, unless otherwise determined by the directors, a citizen of or a person resident in the US, a corporation, partnership or other entity created or organised in or under the laws of the US or any person falling within the definition of the terms "US Person" under Regulation S promulgated under the US Securities Act of 1933, as amended;
"US Dollars" or "US\$" or "\$"	means the lawful currency of the United States;
"Valuation Date"	in relation to the initial Funds has the meaning set out in the relevant Supplement. The Valuation Date for further Funds will be decided by the Directors at the time of creation of such Fund; and
"Valuation Point"	in relation to the initial Funds has the meaning set out in the relevant Supplement. The Valuation Point for further Funds will be decided by the Directors at the time of creation of such Funds.

INTRODUCTION

The Company is an investment company with variable capital organised under the laws of Ireland as a public limited company pursuant to the Companies Act and the Regulations. It was incorporated on 5 March 2007 under registration number 435796. Its sole object, as set out in the Constitution, is the collective investment in transferable securities and/or in other liquid financial assets referred to in the Regulations of capital raised from the public operating on the principle of risk spreading.

The Company is organised in the form of an umbrella fund. The Constitution provides that the Company may offer separate classes of shares, each representing interests in a Fund comprising a distinct portfolio of investments. The Company has obtained the approval of the Central Bank for the establishment of the initial Funds. With the prior approval of the Central Bank, the Company may from time to time create an additional Fund or Funds, the investment policies and objectives for which shall be outlined in a Supplement, together with details of the offer period, the initial Subscription Price for each share and such other relevant information in relation to the additional Fund or Funds as the Directors may deem appropriate, or the Central Bank require, to be included.

The Shares of the Funds may be divided into different Classes to accommodate different currencies and/or charges and/or dividend and/or fee arrangements. A separate pool of assets will not be maintained for each Class. The creation of Classes must be notified to, and cleared in advance with, the Central Bank.

The Company has been authorised by the Central Bank as a UCITS within the meaning of the Regulations.

INVESTMENT OBJECTIVE AND POLICIES

The investment objective and policies for each Fund will be formulated by the Directors at the time of the creation of the Fund, details of which will be contained in the Supplement issued at the time of creation of such Fund.

The investment objective and policies of the initial Funds are set out in the relevant Supplements. The investment restrictions applying to the Fund are set out below.

The return to Shareholders in a particular Fund will be determined by the performance of the portfolio of investments held by the relevant Fund and the techniques and instruments used in relation to that Fund for the purpose of efficient portfolio management.

There is no guarantee that the investment strategies will accomplish the Fund's objective. See the section entitled "Risk Warnings" below for further details.

The investment objective and policies for each Fund will, in the absence of unforeseen circumstances be adhered to for a period of at least three years following the listing of the Shares in such Fund on the Irish Stock Exchange (if applicable). Any change in the investment objective and material changes in investment policies of any Fund will only be made in exceptional circumstances and with the prior approval of an ordinary resolution of the Shareholders of the relevant Fund on the basis of a majority of votes cast at general meeting. In the event of a change, Shareholders of the Fund will be given an opportunity for redemption prior to such change taking effect. Such notice of a change in an investment policy will be given at least 30 days in advance of the date on which a Shareholder must give notice of his intention to redeem his shares, if he objects to the change in the Fund's investment objective and

investment policies. It should be noted that such a change in policy may cause a Shareholder to redeem his Shares at a time when he would not otherwise do so.

Securities Financing Transactions and Total Return Swaps

Where provided for in the relevant Supplement, a Fund may use Securities Financing Transactions or Total Return Swaps. Details on the use of Securities Financing Transactions and Total Return Swaps and types of assets that can be subject to them, the maximum proportion of the Fund's assets and the expected proportion of the Fund's assets subject to Securities Financing Transactions and/or Total Return Swaps will be set out in the relevant Supplement.

Counterparties to such Securities Financing Transactions and Total Return Swaps will be approved and monitored by the Company and are typically banks or other financial institutions or intermediaries in the jurisdiction in which the relevant Fund invests that meet the Central Bank's criteria set out in the Central Bank UCITS Regulations and the criteria disclosed in the section entitled "Use of FDI" ("**Approved Counterparties**"). The Company will exercise due diligence in the selection, appointment and monitoring of Approved Counterparties and in particular will ensure that Approved Counterparties: (a) are subject to ongoing supervision by a public authority; (b) are financially sound; and (c) have the necessary organisational structure and resources to perform the services that are to be provided by them. All costs and fees of Approved Counterparties to the relevant Fund's Securities Financing Transactions and/or Total Return Swaps will be payable at normal commercial rates. Any gains, losses and/or revenue (as applicable) generated by Securities Financing Transactions and/or Total Return Swaps will be for the account of the relevant Fund. No Approved Counterparty is a related party to the Company. The risk of the Approved Counterparty defaulting on its obligations under the Securities Financing Transactions and/or Total Return Swaps and its effect on the relevant Fund are described in the sections of this Prospectus titled "Credit Risks" and "Derivative Securities Risk".

Approved Counterparties may provide collateral to the Fund in accordance with the Regulations, the Central Bank UCITS Regulations and the requirements of the Central Bank. Such collateral shall be held either in the physical custody of the Depositary, or for the account of the Depositary by an agent or sub-custodian of the Depositary.

All collateral received under any Total Return Swap or Securities Financing Transactions entered into by the relevant Fund will comply with the provisions of "Techniques and Instruments, including the use of Repurchase/Reverse Repurchase and Securities Lending Agreements" set out under Appendix III of this Prospectus. Accordingly, all collateral that is received will be valued daily, will be marked to market and variation margin arrangements will be employed unless otherwise provided in the relevant Supplement. Assets that exhibit a high price volatility will not be accepted as collateral by a Fund.

INVESTMENT RESTRICTIONS

The assets of each Fund must be invested in accordance with the restrictions on investments set out in the Regulations and such additional investment restrictions, if any, as may be adopted from time to time by the Directors in respect of any Fund such as those described above in relation to the initial Funds. The principal investment restrictions applying to each Fund under the Regulations are described as follows:-

1 Permitted Investments

Investments of a Fund are confined to:

- 1.1 Transferable securities and money market instruments as prescribed in the Regulations which are either admitted to official listing on a stock exchange in a Member State or non-Member State or which are dealt on a market which is regulated, operates regularly, is recognised and open to the public in a Member State or non-Member State.
- 1.2 Recently issued transferable securities which will be admitted to official listing on a stock exchange or other market (as described above) within a year.
- 1.3 Money market instruments, as defined in the Regulations, other than those dealt on a regulated market.
- 1.4 Shares of UCITS.
- 1.5 Shares of alternative investment funds (AIFs).
- 1.6 Deposits with credit institutions.
- 1.7 Financial derivative instruments.

2 Investment Restrictions

- 2.1 The Company may invest no more than 10% of net assets of a Fund in transferable securities and money market instruments other than those referred to in paragraph 1.
- 2.2 Subject to this paragraph 2.2, the Company shall not invest any more than 10% of assets of a UCITS in securities of the type to which Regulation 68(1)(d) of the Regulations apply. The restriction in paragraph 2.1 does not apply to an investment by the Company in US securities known as "Rule 144A securities" provided that:
 1. the relevant securities have been issued with an undertaking to register with the US Securities and Exchanges Commission within one year of issue; and
 2. the securities are not illiquid securities i.e. they may be realised by the Fund within seven days at the price, or approximately at the price, at which they are valued by the UCITS.

- 2.3 A UCITS may invest no more than 10% of net assets in transferable securities or money market instruments issued by the same body provided that the total value of transferable securities and money market instruments held in the issuing bodies in each of which it invests more than 5% is less than 40%.
- 2.4 The limit of 10% (in paragraph 2.3) is raised to 25% in the case of bonds that are issued by a credit institution which has its registered office in a Member State and is subject by law to special public supervision designed to protect bond-holders. If the Company invests more than 5% of net assets of a Fund in these bonds issued by one issuer, the total value of these investments may not exceed 80% of the net asset value of the UCITS. This type of investment is subject to the prior approval of the Central Bank.
- 2.5 The limit of 10% (in paragraph 2.3) is raised to 35% if the transferable securities or money market instruments are issued or guaranteed by a Member State or its local authorities or by a non-Member State or public international body of which one or more Member States are members.
- 2.6 The transferable securities and money market instruments referred to in paragraph 2.5 shall not be taken into account for the purpose of applying the limit of 40% referred to in paragraph 2.3.
- 2.7 Cash booked in accounts and held as ancillary liquidity shall not exceed:
- (a) 10% of the net assets of the UCITS; or
 - (b) where the cash is booked in an account with the Depositary, 20% of net assets of the UCITS.
- 2.8 The risk exposure of a Fund to counterparty to an OTC derivative may not exceed 5% of net assets.
- This limit is raised to 10% in the case of a credit institution authorised in the EEA, a credit institution authorised in a signatory state (other than an EEA Member State) to the Basle Capital Convergence Agreement of July 1988 (Switzerland, Canada, Japan, United States) or a credit institution authorised in Jersey, Guernsey, the Isle of Man, Australia or New Zealand ("Relevant Institutions")
- 2.9 Notwithstanding paragraphs 2.3, 2.7 and 2.8 above, a combination of two or more of the following issued by, or made or undertaken with, the same body may not exceed 20% of net assets:
1. investments in transferable securities or money market instruments;
 2. deposits; and/or
 3. counterparty risk exposures arising from OTC derivatives transactions.
- 2.10 The limits referred to in paragraphs 2.3, 2.4, 2.5, 2.7, 2.8 and 2.9 above may not be combined, so that exposure to a single body shall not exceed 35% of net assets.
- 2.11 Group companies are regarded as a single issuer for the purposes of paragraphs 2.3, 2.4, 2.5, 2.7, 2.8 and 2.9. However, a limit of 20% of net assets may be applied to investment in transferable securities and money market instruments within the same group.

- 2.12 A Fund may invest up to 100% of net assets in different transferable securities and money market instruments issued or guaranteed by any Member State, its local authorities, non-Member States or public international body of which one or more Member States are members.

The individual issuers must be listed in the prospectus and may be drawn from the following list: OECD Governments (provided the relevant issues are investment grade), Government of Brazil (provided the relevant issues are investment grade), Government of the People's Republic of China (provided the relevant issues are investment grade), Government of India (provided the issues are of investment grade), the European Investment Bank, the European Bank for Reconstruction and Development, the International Finance Corporation, the International Monetary Fund, Euratom, the Asian Development Bank, the European Central Bank, the Council of Europe, Eurofima, the African Development Bank, the International Bank for Reconstruction and Development (The World Bank), the Inter American Development Bank, the European Union, the Federal National Mortgage Association (Fannie Mae), the Federal Home Loan Mortgage Corporation (Freddie Mac), the Government National Mortgage Association (Ginnie Mae), the Student Loan Marketing Association (Sallie Mae), the Federal Home Loan Bank, the Federal Farm Credit Bank, the Tennessee Valley Authority, the Government of Singapore, and Straight A-Funding LLC.

A Fund must hold securities from at least 6 different issues, with securities from any one issue not exceeding 30% of net assets.

3 **Investment in Collective Investment Schemes ("CIS")**

- 3.1 A UCITS may not invest more than 20% of net assets in any one CIS.
- 3.2 Investment in Alternative Investment Funds ("AIFs") may not, in aggregate, exceed 30% of net assets.
- 3.3 The CIS are prohibited from investing more than 10% of net assets in other open-ended CIS.
- 3.4 When a Fund invests in the shares of other CIS that are managed, directly or by delegation, by the Fund's management company or by any other company with which the Fund's management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription, conversion or redemption fees on account of the Fund investment in the shares of such other CIS.
- 3.5 Where by virtue of investment in the shares of another investment fund, the Company, the Investment Manager or an investment advisor receives a commission on behalf of the Company (including a rebated commission), the Company shall ensure that the relevant commission is paid into the property of the Company.
- 3.6 When the Investment Manager on behalf of a Fund (the "Investing Fund") invests in the shares of another Fund of the Company (the "Receiving Fund"), that investment is subject to the following requirements, in addition to the provisions of paragraph 3.5:
- (a) the Receiving Fund cannot hold shares in any other Fund within the Company; and
 - (b) the rate of the annual management fee which investors in the Investing Fund are

charged in respect of that portion of the Investing Fund's assets invested in Receiving Funds (whether such fee is paid directly at the Investing Fund level, indirectly at the level of the Receiving Funds or a combination of both) shall not exceed the rate of the maximum annual management fee which investors in the Investing Fund may be charged in respect of the balance of the Investing Fund's assets, such that there shall be no double charging of the annual management fee to the Investing Fund as a result of its investments in the Receiving Fund. This provision is also applicable to the annual fee charged by the Investment Manager or any sub-investment manager where this fee is paid directly out of the assets of the Fund.

4 **Index Tracking Fund**

- 4.1 A Fund may invest up to 20% of net assets in shares and/or debt securities issued by the same body where the investment policy of the Fund is to replicate an index which satisfies the criteria set out in the Central Bank UCITS Regulations and is recognised by the Central Bank.
- 4.2 The limit in paragraph 4.1 may be raised to 35%, and applied to a single issuer, where this is justified by exceptional market conditions.

5 **General Provisions**

- 5.1 An investment company, or management company acting in connection with all of the CIS it manages, may not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.
- 5.2 A Fund may acquire no more than:
- (a) 10% of the non-voting shares of any single issuing body;
 - (b) 10% of the debt securities of any single issuing body;
 - (c) 25% of the shares of any single CIS; or
 - (d) 10% of the money market instruments of any single issuing body.

NOTE: The limits laid down in (ii), (iii) and (iv) above may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or of the money market instruments or the net amount of the securities in issue cannot be calculated.

- 5.3 Paragraphs 5.1 and 5.2 shall not be applicable to:
- (a) transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities;
 - (b) transferable securities and money market instruments issued or guaranteed by a non-Member State;
 - (c) transferable securities and money market instruments issued by public international bodies of which one or more Member States are members;
 - (d) shares held by a Fund in the capital of a company incorporated in a non-member State

which invests its assets mainly in the securities of issuing bodies having their registered offices in that State, where under the legislation of that State such a holding represents the only way in which the Fund can invest in the securities of issuing bodies of that State. This waiver is applicable only if in its investment policies the company from the non-Member State complies with the limits laid down in paragraphs 2.3 to 2.10, 3.1, 3.2, 5.1, 5.2, 5.4, 5.5 and 5.6, and provided that where these limits are exceeded, paragraphs 5.5 and 5.6 below are observed;

(e) Shares held by an investment company or investment companies in the capital of subsidiary companies carrying on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the repurchase of shares at shareholders' request exclusively on their behalf.

5.4 A Fund need not comply with the investment restrictions herein when exercising subscription rights attaching to transferable securities or money market instruments which form part of their assets.

5.5 The Central Bank may allow recently authorised Funds to derogate from the provisions of paragraphs 2.3 to 2.11, 3.1, 3.2, 4.1 and 4.2 for six months following the date of their authorisation, provided they observe the principle of risk spreading.

5.6 If the limits laid down herein are exceeded for reasons beyond the control of a Fund, or as a result of the exercise of subscription rights, the Fund must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of its shareholders.

5.7 Neither an investment company, nor a management company or a trustee acting on behalf of a unit trust or a management company of a common contractual fund, may carry out uncovered sales of:

4. transferable securities;
5. money market instruments;
6. shares of investment funds; or
7. financial derivative instruments,

noting that any short selling of money market instruments by UCITS is prohibited.

5.8 A Fund may hold ancillary liquid assets.

6 **Financial Derivative Instruments ('FDIs')**

6.1 The Fund's global exposure (as prescribed in the Central Bank UCITS Regulations) relating to FDI must not exceed its total Net Asset Value.

6.2 Position exposure to the underlying assets of FDI, including embedded FDI in transferable securities or money market instruments, when combined where relevant with positions resulting from direct investments, may not exceed the investment limits set out in the Central Bank UCITS Regulations. (This provision does not apply in the case of index based FDI

provided the underlying index is one which meets with the criteria set out in the Central Bank UCITS Regulations.)

- 6.3 Funds may invest in FDIs dealt in over-the-counter (OTC) provided that the counterparties to over-the-counter transactions (OTCs) are institutions subject to prudential supervision and belonging to categories approved by the Central Bank.
- 6.4 Investment in FDIs are subject to the conditions and limits laid down by the Central Bank.

Without limitation, the Directors may adopt additional investment restrictions with respect to any Fund to facilitate the distribution of Shares in the relevant Fund to the public in a particular jurisdiction. Any such additional investment restrictions will be disclosed in the Prospectus. In addition, the investment restrictions set out above may be changed from time to time by the Directors in accordance with a change in the applicable law and regulations in any jurisdiction in which Shares in the Funds are currently offered, provided that the assets of the Fund will at all times be invested in accordance with the restrictions on investments set out in the Regulations. In the event of any such addition to, or change in, the investment restrictions applicable to any Fund, a reasonable notification period will be provided by the Company to enable Shareholders in the relevant Fund to redeem their Shares prior to implementation of these changes.

DISTRIBUTION POLICY

The Company does not initially anticipate distributing dividends to Shareholders in respect of any of the Funds but the Company reserves the right to pay dividends or make other distributions in the future. In that event, the Prospectus or the relevant Supplement will be revised and Shareholders will be notified in advance. Initially all net investment income and net realised capital gains will be retained by the Company and will be reflected in the Net Asset Value of the Funds. In the event that the Company decides to pay any dividend on behalf of a Fund, such dividend will be paid in accordance with the rules of the Irish Stock Exchange (if applicable) and in accordance with the Constitution will be paid within four months of the Company's financial year end. Full details will be disclosed in the Prospectus or the relevant Supplement. The Constitution provides that the Directors may declare such dividends on the Shares or on any class of Shares as appear to the Directors to be justified by the profits being the net revenue, including interest and dividends and realised and unrealised profits on the disposal/valuation of investments and other funds, less realised and unrealised losses (including fees and expenses of the relevant Fund).

Any failure to supply the Company or the Administrator with any documentation requested by them for anti-money laundering or anti-fraud purposes (as further described in the section entitled "Share Dealings") may result in a delay in the settlement of dividend payments. In such circumstances, any sums payable by way of dividend to Shareholders shall remain an asset of the relevant Fund until such time as the Administrator is satisfied that its anti-money-laundering and anti-fraud procedures have been fully complied with, following which such dividend will be paid.

The Distribution policy for each Fund will be determined by the Directors from time to time and shall be specified in the relevant Supplement.

EFFICIENT PORTFOLIO MANAGEMENT

The Company may employ investment techniques and instruments for efficient portfolio management of the assets of any Fund including hedging against market movements, currency exchange or interest rate risks under the conditions and within the limits stipulated by the Central Bank under the Regulations and Central Bank UCITS Regulations and described below. The Company may not leverage a Fund through the use of derivative instruments, i.e. the total exposure of a Fund, including but not limited to, its exposure from the use of any derivative instruments, must not exceed the total net asset value of the Fund.

Techniques and instruments which relate to transferable securities or money market instruments and which are used for the purpose of efficient portfolio management shall be understood as a reference to techniques and instruments which fulfill the following criteria:

- (a) they are economically appropriate in that they are realised in a cost-effective way;
- (b) they are entered into for one or more of the following specific aims:
 - (i) reduction of risk;
 - (ii) reduction of cost;
 - (iii) generation of additional capital or income for the Company with a level of risk which is consistent with the risk profile of the Company and the risk diversification rules;
- (c) their risks are adequately captured by the risk management process of the Company; and
- (d) they cannot result in a change to the Company's declared investment objective or add substantial supplementary risks in comparison to the general risk policy as described in this Prospectus.

BORROWING POWERS

The Company may not borrow money except insofar as is permitted under the Regulations, that is to say:

- The Company may borrow, for the account of any Fund, up to 10% of the net assets of such Fund provided that such borrowing is on a temporary basis. The assets of such Fund may be charged as security for any such borrowings.
- The Company, for the account of a Fund, may acquire foreign currency by means of a "back-to-back loan". Foreign currency obtained in this manner is not classed as borrowings for the purposes of the borrowing restrictions under Regulation 103(1) of the Regulations provided that the offsetting deposit (i) is denominated in the base currency of that Fund and (ii) equals or exceeds the value of the foreign currency loan outstanding.

Without prejudice to the powers of the Company to invest in transferable securities, the Company may not lend, or act as guarantor on behalf of third parties.

Any special borrowing restrictions relating to a particular Fund will be formulated by the Directors at the time of the creation of such Fund. There are no special borrowing restrictions currently in operation.

The Company shall ensure that a Fund with foreign currency borrowings which exceed the value of a back to back deposit treats that excess as borrowing for the purpose of Regulation 103 of the Regulations. Where the balance returned to a Fund is in a foreign currency other than the Base Currency, that Fund may be exposed to currency risk such that the amount returned may be less than it would have been if the offsetting balance had been held in the Base Currency.

RISK WARNINGS

General

The investments of the Company are subject to normal market fluctuations and other risks inherent in investing in securities or other instruments and there can be no assurance that any appreciation in value of investments will occur. In particular the value of investments may be affected by uncertainties such as international, political and economic developments or changes in government policies.

The value of investments and the income derived therefrom may fall as well as rise and investors may not recoup the original amount invested in a Fund. An investment should only be made by those persons who are able to sustain a loss on their investment.

There can be no guarantee that the investment objective of any Fund will actually be achieved.

Credit Risks

Although the Company will invest in high credit quality instruments, there can be no assurance that the securities or other instruments in which the Company invests will not be subject to credit difficulties leading to the loss of some or all of the sums invested in such securities or other instruments. The Company will also be exposed to a credit risk in relation to the counterparties with whom it trades and it may also bear the risk of settlement default.

Subscriptions/Redemptions Account Risk

Subscription monies will become the property of a Fund upon receipt and accordingly investors will be treated as a general creditor of a Fund during the period between receipt of subscription monies and the issue of Shares.

Any failure to supply the Company or the Administrator with any documentation requested by them for anti-money laundering purposes may result in a delay in the settlement of redemption proceeds or dividend payments. In such circumstances, the Administrator will process any redemption request received by a Shareholder and by doing so that investor will no longer be considered a Shareholder notwithstanding that they have not received the redemption proceeds. Accordingly, Shareholders should note that any redemption proceeds and any sums payable by way of dividend being paid out by a Fund and held for any time in the Subscriptions/Redemptions Account shall remain an asset of the relevant Fund. In the event of the insolvency of the Company or the relevant Fund, the Shareholder will rank as an unsecured creditor of the Company until such time as the Administrator is satisfied that its anti-money-laundering procedures have been fully complied with, following which redemption proceeds will be released or the dividend paid (as applicable) to the relevant Shareholder. Accordingly, Shareholders are advised to promptly provide the Company or Administrator (as appropriate) with all documentation requested to reduce the risk in this scenario.

As detailed under the heading "How to buy Shares" below, the Company also operates the Subscriptions/Redemptions Account with respect to receipt of subscription monies. In this scenario, the investor is subject to the risk of becoming an unsecured creditor in the event of the insolvency of the Company or the relevant Funds during the period between receipt of subscription monies and the Dealing Day on which the Shares are issued.

The Company reserves the right to reverse any allotment of Shares in the event of a failure by the Shareholder to settle the subscription monies on a timely basis. In such circumstances, the Company shall compulsorily redeem any Shares issued and the Shareholder shall be liable for any loss suffered by the Company in the event that the redemption proceeds are less than the amount originally subscribed for. For the avoidance of doubt, the relevant Shareholder shall not be entitled to any profit arising from such redemption of shares in the event that the redemption proceeds are worth more than the amount originally subscribed for.

Shareholders in solvent Funds should not be impacted by the insolvency of a sister Fund as the Company is established with segregated liability. However, there can be no categorical assurance that, should an action be brought against the Company in the courts of another jurisdiction, that the segregated nature of the Funds will necessarily be upheld. Shareholders attention is drawn to the risk factor under the heading "Umbrella Structure of the Company".

Changes in Interest Rates

The value of Shares may, notwithstanding the policy of the Company of investing in short-term instruments, be affected by substantial adverse movements in interest rates. This may result in the amount realised on the sale of Shares being less than the original amount invested.

Repurchase and Reverse Repurchase Agreements

In the event of a bankruptcy or other default of a seller of a repurchase agreement, the company could experience both delays in liquidating the underlying securities and losses, including a possible decline in the value of the underlying securities during the period when the Company seeks to enforce its rights thereto, reduced levels of income and lack of access to income during this period and the expenses of enforcing its rights.

Suspension of Valuation

The ability to subscribe for, redeem or convert Shares may be affected by a temporary suspension of the determination of Net Asset Value which may take place upon the occurrence of certain events as described in Appendix II below.

Political Risks

The performance of a Fund may be affected by changes in economic and market conditions, uncertainties such as political developments, military conflict and civil unrest, changes in government policies, the imposition of restrictions on the transfer of capital and in legal, regulatory and tax requirements.

Foreign Exchange Risk

Where a Fund engages in foreign exchange transactions which alter the currency exposure characteristics of its investments the performance of such Fund may be strongly influenced by movements in exchange rates as currency positions held by the Fund may not correspond with the securities positions held.

The Net Asset Value per Share of a Fund will be computed in its Base Currency whereas the investments held for the account of a Fund may be acquired in other currencies. A Fund's Net Asset Value may change significantly when the currencies other than the Base Currency in which some of the Fund's investments are denominated strengthen or weaken against the Base Currency. Currency exchange rates

generally are determined by supply and demand in the foreign exchange markets and the perceived relative merits of investments in different countries. Currency exchange rates can also be affected unpredictably by intervention by Government or central banks or by currency controls or political developments.

In addition, currency hedging transactions, while potentially reducing the currency risks to which the Fund would otherwise be exposed, involve certain other risks, including the risk of a default by a counterparty, as described above. In addition, where a Fund enters into “cross-hedging” transactions (e.g., utilising a currency different from the currency in which the security being hedged is denominated), the Fund will be exposed to the risk that changes in the value of the currency used to hedge will not correlate with changes in the value of the currency in which the securities are denominated, which could result in loss on both the hedging transaction and the Fund securities.

Forward currency contracts involve the possibility that the market for them may be limited with respect to certain currencies and, upon a contract’s maturity, possible inability to negotiate with the dealer to enter into an offsetting transaction. There is no assurance that an active forward currency contract market will always exist. These factors restrict the ability to hedge against the risk of devaluation of currencies in which a substantial quantity of securities are being held for a Fund and are unrelated to the qualitative rating that may be assigned to any particular security.

Also, as subscription monies and redemption monies may be paid in a currency other than the Base Currency of the Fund, investors should be aware that there is an exchange rate risk if such other currencies depreciate against the base currency and consequently they may not realise the full amount of their investment in the Fund.

Share Currency Designation Risk

A Class may be designated in a currency other than the Base Currency of that Fund. Changes in the exchange rate between the Base Currency and such designated currency may lead to a depreciation of the value of such Shares as expressed in the designated currency. Unless otherwise set out in the relevant Fund Supplement, the Investment Manager will try to mitigate this risk using forward currency contracts and within the conditions and limits imposed by the Central Bank. A description of forward currency contracts is set out in the relevant Fund Supplement. A Class may not be leveraged as a result of the use of such techniques and instruments, the value of which may be up to but may not exceed 105% of the Net Asset Value attributable to the relevant Class and may not fall below 95% of the Net Asset Value attributable to the relevant Class. While it is not the intention of the Company to have over or under hedged positions, this may arise due to circumstances outside the Company’s control. Hedged positions will be kept under review to ensure that over-hedged positions do not exceed the permitted level and under-hedged positions do fall below the permitted level. This review will also incorporate a procedure to ensure that positions materially in excess of 100% and any under-hedged positions will not be carried forward from month to month. Investors should be aware that this strategy may substantially limit Shareholders of the relevant Class from benefiting if the designated currency falls against the Base Currency and/or the currency/currencies in which the assets of the Company are denominated. In such circumstances, Shareholders of the Class may be exposed to fluctuations in the Net Asset Value per Share reflecting the gain/loss on and the costs of the relevant financial instruments.

Although hedging strategies may not necessarily be used in relation to each Class within a Fund, the financial instruments used to implement such strategies shall be assets/liabilities of the relevant Fund as a whole. However, all gains/losses on and the costs of the relevant financial instruments at a portfolio level will be allocated on a pro rata basis to the classes. All gains/losses on and the costs of the relevant financial instruments relating to class specific hedging will accrue solely to the relevant Class.

Transactions will be clearly attributable to a specific Share Class (therefore currency exposure of different currency Classes may not be combined or offset) and currency exposures of the assets of a Fund may not be allocated to separate Share Classes. Where no hedging strategy is used to hedge currency risk a currency conversion will take place on subscription, redemption, switching and distributions at prevailing exchange rates.

Liquidity and Settlement Risks

The Funds will be exposed to a credit risk on parties with whom they trade and may also bear the risk of settlement default. Some of the markets in which the Funds will invest may be less liquid, less developed and more volatile than the world's leading stock markets and this may result in fluctuations in the price of the Shares. In addition, market practices in relation to the settlement of securities transactions and the custody of assets could provide increased risks to a Fund and may involve delays in obtaining accurate information on the value of securities (which may as a result affect the calculation of the Net Asset Value).

Any proposed investment in these markets will be disclosed in the relevant Supplement. Shareholders should also note that settlement mechanisms in emerging and less developed markets are generally less developed and reliable than those in more developed countries and that this therefore increases the risk of settlement default, which could result in substantial losses for the Company and the relevant Fund in respect to investments in emerging markets.

Stock Market Risk

A Fund's share price will move up and down in reaction to stock market movements. Stock prices change daily in response to company activity and general economic and market conditions. A Fund's investments in common stocks and other equity securities are subject to stock market risk, which is the risk that the value of equity securities may decline. Also, equity securities are subject to the risk that a particular issuer's securities may decline in value, even during periods when equity securities in general are rising. Additional stock market risks may be introduced when a particular equity security is traded on a foreign market. For more detail on the related risks involved in foreign markets, see "**Foreign Exposure Risk**" below.

Foreign Exposure Risk

Investing in foreign securities, including depository receipts, or securities of entities with significant foreign operations, involves additional risks which can affect a Fund's performance. Foreign markets, particularly emerging markets, may be less liquid, more volatile and subject to less government supervision than an investor's home market. There may be difficulties enforcing contractual obligations, and it may take more time for transactions to clear and settle. Less information may be available about foreign entities. The costs of buying and selling foreign securities, including tax, brokerage and custody costs, may be higher than those involving domestic transactions. The specific risks of investing in foreign securities include:

Currency Risk: The values of foreign investments may be affected by changes in currency rates or exchange control regulations. If the local currency gains strength against the domestic currency, the value of the foreign security increases in domestic currency terms. Conversely, if the local currency weakens against the domestic currency, the value of the foreign security declines in domestic security terms.

Regulatory Risk: Foreign companies often are not subject to uniform accounting, auditing and financial reporting standards or to other regulatory practices and requirements.

Concentration Risk

A Fund's investments will be concentrated in a particular country or region, in a select group of issuers, or both. When a Fund's investments are concentrated in a particular country or region, the Fund's performance may be closely tied to economic and political conditions within that country or region. A Fund that concentrates its investments in a select group of issuers can be more volatile than the market as a whole because changes in the financial condition of an issuer or changes in economic or political conditions that affect a particular type of security or issuer can affect the value of an issuer's securities. For these reasons, a concentrated Fund's performance may be more volatile than the performance of more diversified Funds.

Interest Rate Risk

Bond prices rise when interest rates decline and decline when interest rates rise. The longer the duration of a bond, the more a change in interest rates affects the bond's price. Short-term and long-term interest rates may not move the same amount and may not move in the same direction. This may result in the amount realised on the sale of Shares being less than the original amount invested.

Prepayment Risk

Prices and yields of mortgage-backed securities assume the securities will be redeemed at a given time. When interest rates decline, mortgage-backed securities experience higher prepayments because the underlying mortgages are repaid earlier than expected. A Fund's portfolio manager may be forced to invest the proceeds from prepaid mortgage-backed securities at lower rates, which results in a lower return for the Fund. When interest rates increase, mortgage-backed securities experience lower prepayments because the underlying mortgages may be repaid later than expected. This typically reduces the value of the underlying securities.

High Yield Securities Risk

Below investment-grade securities sometimes called "**junk bonds**" are considered speculative. These securities have greater risk of default than higher rated securities. The market value of below investment grade securities is more sensitive to individual corporate developments and economic changes than higher rated securities. The market for below investment-grade securities may be less active than for higher rated securities, which can adversely affect the price at which these securities may be sold. Less active markets may diminish the Fund's ability to obtain accurate market quotations when valuing the portfolio securities and calculating the Net Asset Value of the Fund. In addition, the Fund may incur additional expenses if a holding defaults and the Fund has to seek recovery of its principal investment. Below investment-grade securities may also present risks based on payment expectations. For example these securities may contain redemption or call provisions. If an issuer exercises these provisions in a declining interest rate market a Fund would have to replace the security with a lower yielding security resulting in a decreased return for investors.

Derivative Securities Risk

In relation to investment in FDI, the use of these instruments involves special risks including (i) dependence on the ability to predict movements in the prices of securities underlying the FDI and movements in interest or currency rates; (ii) imperfect correlation between the FDI and the securities or

market sectors to which they relate; (iii) greater volatility than the securities and/or markets to which they relate; (iv) liquidity risk when, for example, a particular FDI is difficult to purchase or sell; (v) market risk, where the market value of the FDI changes in a way that is detrimental to the Fund; (vi) counterparty risk, where the counterparty with which the Fund trades becomes insolvent, bankrupt or defaults; (vii) settlement risk, where a counterparty defaults in settling a trade; and (viii) legal risk, where the enforceability of a FDI contract may be an issue.

Performance Fee Risk

Where performance fees are payable by a Fund, these will be based on net realised and net unrealised gains and losses as at the end of each calculation period. As a result, performance fees may be paid on unrealised gains which may subsequently never be realised.

Other Risks

The Company will be responsible for paying its fees and expenses regardless of the level of its profitability. In view of the fact that an initial charge may be payable on a subscription by an investor any investment in a Fund should be regarded as a medium to long term investment.

Changes to Share Value

It should be appreciated that the value of Shares and the income from them may fall as well as rise, and that investors may not get back the amount they have invested. Changes in exchange rates may cause the value of Shares to go up or down. Details of certain investment risks for an investor are set out above.

Legal Requirements

Persons interested in purchasing Shares should inform themselves as to (a) the legal requirements within their own countries for the purchase of Shares, (b) any foreign exchange restrictions which may be applicable, and (c) the income and other tax consequences of purchase, conversion and redemption of Shares.

The difference, at any one time, between the sale and repurchase price of the Shares means that any investment in the Company should be viewed in the medium to long term. Initial applications will be processed upon receipt by the Administrator of both the Application Form and cleared funds. Subsequent purchases will be processed upon receipt of trade instructions and cleared funds.

Specific risk warnings in relation to particular Funds are contained in the relevant Supplement.

The Company will, on request, provide supplementary information to Shareholders relating to the risk management methods employed, including the quantitative limits that are applied and any recent developments in the yield and risk characteristics of the main categories of investments of the Funds.

Under the European Union's Taxation of Savings Income in the form of Interest Payments directive, professional obligations have been outlined to ensure that interest payments made in one EU member state to individuals resident in another EU member state are subject to effective taxation in accordance with the laws of their EU member state. As a result of such provisions, it is necessary to ascertain the tax identification number of subscribers. Accordingly subscribers will be required to provide their tax identification number to the Company. Such information will be collected for compliance reasons only and shall not be disclosed to unauthorised persons.

Umbrella Structure of the Company

Pursuant to Irish law the Company should not be liable as a whole to third parties and there should not be the potential for cross contamination of liabilities between different funds. However, there can be no categorical assurance that, should an action be brought against the Company in the courts of another jurisdiction, the segregated nature of the Funds will necessarily be upheld.

Foreign Taxes

The Company may be liable to taxes (including withholding taxes) in countries other than Ireland on income earned and capital gains arising on its investments. The Company may not be able to benefit from a reduction in the rate of such foreign tax by virtue of the double taxation treaties between Ireland and other countries. The Company may not, therefore, be able to reclaim any foreign withholding tax suffered by it in particular countries. If this position changes and the Company obtains a repayment of foreign tax, the Net Asset Value of the Company will not be restated and the benefit will be allocated to the then-existing Shareholders rateably at the time of repayment.

Cybersecurity Risk

Cybersecurity breaches may occur allowing an unauthorized party to gain access to assets of the Funds, Shareholder data, or proprietary information, or may cause the Company, the Investment Manager, the Administrator or the Depositary to suffer data corruption or lose operational functionality.

The Funds may be affected by intentional cybersecurity breaches which include unauthorized access to systems, networks, or devices (such as through "hacking" activity); infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. In addition, unintentional incidents can occur, such as the inadvertent release of confidential information (possibly resulting in the violation of applicable privacy laws). A cybersecurity breach could result in the loss or theft of Shareholder data or funds, the inability to access electronic systems, loss or theft of proprietary information or corporate data, physical damage to a computer or network system, or costs associated with system repairs. Such incidents could cause the Company, the Investment Manager, the Administrator, the Depositary, or other service providers to incur regulatory penalties, reputational damage, additional compliance costs, or financial loss. Consequently, Shareholders may lose some or all of their invested capital. In addition, such incidents could affect issuers in which a Fund invests, and thereby cause a Fund's investments to lose value, as a result of which investors, including the relevant Fund and its Shareholders, could potentially lose all or a portion of their investment with that issuer.

Data Protection

Under the General Data Protection Regulation (Regulation 2016/679, the "GDPR"), data controllers are subject to additional obligations including, amongst others, accountability and transparency requirements whereby the data controller is responsible for, and must be able to demonstrate compliance with the rules set down in the GDPR relating to data processing and must provide data subjects with more detailed information regarding the processing of their personal data. Other obligations imposed on data controllers include more enhanced data consent requirements and the obligation to report any personal data breach to the relevant supervisory authority without undue delay. Under the GDPR, data subjects are afforded additional rights, including the right to rectify inaccurate personal information, the right to have personal

data held by a data controller erased in certain circumstances and the right to restrict or object to processing in a number of circumstances.

The implementation of GDPR may result in increased operational and compliance costs being borne directly or indirectly by the Company. Further, there is a risk that the measures will not be implemented correctly by the Company or its service providers. If there are breaches of these measures by the Company or any of its service providers, the Company or its service providers could face significant administrative fines and/or be required to compensate any data subject who has suffered material or non-material damage as a result as well as the Company suffering reputational damage which may have a material adverse effect on its operations and financial conditions.

HOW TO BUY SHARES

Investors buying Shares for the first time should complete the Application Form obtainable from the Administrator. Subsequent applications may be made in writing or by facsimile.

Applications received prior to the Dealing Deadline will be dealt with on that Dealing Day. Any applications received after the Dealing Deadline will be dealt with on the following Dealing Day. Payment may be made by electronic transfer. Following the expiration of the Offer Period, all applications for Shares must be made in monetary terms and not share units.

The initial issue price for Shares in a Fund will be determined by the Directors at the time of the creation of the Fund and may include a front end fee of up to 5%. The front end fee shall be payable to the Company.

On each Dealing Day following the Offer Period, the subscription price shall be the relevant Net Asset Value per Share, plus a front end fee of up to 5%. The subscription price will be calculated using the following formula: -

$$SP = NAV \times (1 + FEF)$$

where:-

SP = the subscription price;

NAV = the Net Asset Value per Share; and

FEF = the front end fee expressed (to two decimal places) as a percentage of 1.

Following the close of their Offer Period, the Classes in the initial Funds shall be available at their Net Asset Value per Share on each Dealing Day together with any applicable subscription charges. Details of the applicable Offer Period in relation to the initial Funds and additional Funds or Classes will be contained in the relevant Supplement issued at the time of creation of such Funds or Classes. Such periods may be extended by the Directors at their discretion and any such extension will be notified to the Central Bank.

The minimum initial investment and minimum additional investment in a Fund, if any, will be determined by the Directors at the time of the creation of a Fund. The Directors may increase or reduce these amounts if, in their absolute discretion, they consider that the circumstances so warrant. See the relevant Supplement for further details.

Payment for Shares may be made in the Base Currency of the Fund or in other major freely convertible currencies. Any subscription proceeds paid in currencies other than the Base Currency of the relevant Fund or the designated currency of the relevant Share Class will be converted into that currency at prevailing exchange rates. This foreign exchange transaction will be arranged by the Administrator at the cost and risk of the relevant investor. Subscription monies will become the property of the Fund upon receipt and accordingly, investors will be treated as a general creditor of the Fund during the period between the receipt of the Subscription monies and the Dealing Day of which the Shares are issued.

The Directors may in their absolute discretion, provided that they and the Depositary are satisfied that no material prejudice would result to any existing Shareholders and subject to the provisions of the Companies Act, the Regulations, the investment objective and policies and investment restrictions of a Fund, allot Shares against the vesting in the Depositary of investments which would form part of the assets of the Company. The number of Shares to be issued in this way shall be the number which would on the day the investments are vested in the Depositary have been issued for cash against the payment of a sum equal to the value of the investments. The value of the investments to be vested shall be calculated on such basis as the Directors may decide, but such value cannot exceed the highest amount at which they would be valued by applying the valuation methods described under **“Valuation of Assets and Temporary Suspension of Determination of Net Asset Value”** below.

Applications for Shares must be made for specified amounts in value. Fractional Shares of not less than 0.001 of a Share may be issued. Subscription moneys representing smaller portions of Shares will not be returned to the applicant but will be retained as part of the assets of the Company.

The **“Terms and Conditions of Application”** set out below contains certain terms and conditions regarding the application procedure for Shares in the Company and certain indemnities in favour of the Company, the Investment Manager, the Administrator, the Depositary and the other Shareholders for any loss suffered by them as a result of such applicant or applicants acquiring or holding Shares in the Company.

Shares may not be issued during any period when the calculation of the Net Asset Value of the relevant Fund is suspended in the manner described below. Applicants for Shares will be notified of such suspension and, unless withdrawn, their applications will be considered as at the next Dealing Day following the ending of such suspension.

The number of Shares will be rounded to the nearest one thousandth of a Share.

Settlement will normally be by telegraphic transfer to be received no later than two business days after the relevant Dealing Day. The Company has the right to cancel any purchase contract which is not settled in full. The applicant remains liable for any loss incurred by the Company in the case of non-settlement.

All Shares will be issued in registered but uncertificated form. Shares will be evidenced by an entry in the register and are represented by a written confirmation of ownership issued to the Shareholder within 21 days after receipt of payment and documentation. Share certificates will not be issued.

Measures provided for in Anti-Money Laundering and Countering Terrorist Financing Legislation, which are aimed towards the prevention of money laundering and counter terrorist financing require a subscriber to verify his/her identity and the source of the subscription monies to the Company and the Administrator.

An individual may be required to produce a duly certified copy of a passport or identification card together with evidence of their address such as a utility bill or bank statement. In the case of corporate applicants this may require production of a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or equivalent), and the names and addresses of all directors and beneficial owners (who may also be required to provide proof of identity).

Depending on the circumstances of each application, a detailed verification may not be required where (a) the investor is a regulated credit or financial institution, or (b) the application is made through a regulated financial intermediary. These exceptions will only apply if the financial institution or intermediary referred to above is located in a country which has ratified the recommendations of the Financial Action

Task Force and has equivalent anti-money laundering legislation to that in place in Ireland. Applicants may contact the Administrator in order to determine whether they meet the above exceptions.

The details given above are by way of example only and the Company and the Administrator each reserve the right to request such documentation as is necessary to verify the identity of the applicant and the source of the subscription monies and to ensure compliance with the Company's or Administrator's obligations under the Anti-Money Laundering and Countering Terrorist Financing Legislation. In the event of delay or failure by the applicant to produce any information and documentation required for verification purposes, the Administrator or the Company may refuse to accept or process the application and subscription monies and return subscription monies (or balance thereof) or compulsorily repurchase such Shareholder's Shares and/or payment of repurchase proceeds may be delayed (no repurchase proceeds will be paid nor will any interest accrue thereto if the Shareholder fails to produce such information and documentation) and the Company, the Directors, each Fund, the Investment Manager and the Administrator, each parent, subsidiary, affiliate and shareholder thereof and each of the respective officers, directors, trustees, employees and agents of the foregoing shall not be liable, and shall be held harmless and fully indemnified by the applicant, for any and all claims, liabilities, losses, damages, costs and expenses (including without limitation, legal fees and expenses) arising out of any failure to process the application or a delay in processing any redemption requests or otherwise if any such requested information has not been provided by the applicant or has been provided in incomplete form or if Shares are compulsorily repurchased in such circumstances. Any failure to supply the Company or the Administrator with any documentation requested by them for anti-money laundering purposes, as described above, may result in a delay in the settlement of redemption proceeds. In such circumstances, the Administrator will process any redemption request received by a Shareholder, however the proceeds of that redemption which is to be held in the Subscriptions/Redemptions Account shall remain an asset of the Fund and the Shareholder will rank as a general creditor of the Company until such time as the Administrator has verified the Shareholder's identity to its satisfaction, following which redemption proceeds will be released. Any failure to supply the Company or the Administrator with any documentation requested by them for anti-money laundering purposes, as described above, may result in a delay in the settlement of dividend proceeds. In such circumstances, any sums payable by way of dividend to Shareholders shall remain an asset of the Fund until such time as the Administrator has verified the Shareholder's identity to its satisfaction, following which such dividend will be paid.

"Anti-Money Laundering and Countering Terrorist Financing Legislation" means the Criminal Justice (Money Laundering and Terrorist Financing) Act, 2010 as amended by the Criminal Justice Act, 2013, as amended, supplemented, consolidated or replaced from time to time together with any guidance notes issued pursuant thereto;

Pricing

There is a single price for buying and selling Shares. This is represented by the Net Asset Value per Share of the relevant Class or Fund. A front end fee of up to 5% may be charged on the purchase price of the Shares at the discretion of the Directors.

A switching fee of up to 5% and a repurchase fee of up to 3% may also be charged at the discretion of the Directors.

Cash Accounts

The Company operates Subscriptions/Redemptions Accounts for all of the Funds, in accordance with the Central Bank's requirements. Accordingly, monies in each Subscription/Redemptions Account will become the property of the relevant Fund upon receipt and during the period between receipt of

subscription monies and the Dealing Day on which Shares are issued, investors will be treated as unsecured creditors of the relevant Fund. Investors' attention is drawn to the risk factor under the heading "Subscriptions/Redemptions Account Risk".

No interest will be paid in respect of payments received in circumstances where the application is held over until a subsequent Dealing Day. Subscription monies are payable in the relevant Base Currency or any other currency attributable to a particular Class of Share as specified in the relevant Supplement. Payment in respect of subscriptions must be received on or before the relevant Settlement Day. If payment in full in cleared funds in respect of a subscription has not been received by the relevant time, the Company may cancel the allotment and/or the applicant may be charged interest. In addition, the Investment Manager will have the right to sell all or part of the applicant's holding of Shares in the Fund or any other Fund of the Company in order to meet those charges. In addition, in circumstances where subscription monies are received with insufficient documentation to identify the owner, the Company will ensure that in the event that such monies cannot be applied to the individual Fund(s), they will be returned to the payer within five (5) Business Days.

The Company has procedures in place with the Depositary to ensure that the amounts within each Subscriptions/Redemption Account are at all times capable of being attributed to the individual Funds in accordance with the Constitution. Furthermore, the operation of these Subscriptions/Redemptions Accounts will not compromise the ability of the Depositary to carry out its safe-keeping and oversight duties in accordance with the Regulations.

HOW TO SELL SHARES

Instructions to sell Shares should be addressed to the Company and may be made in writing or by facsimile.

The minimum value of a holding remaining in any one Fund, if any, will be determined by the directors at the time of the creation of a Fund. The Directors may increase or reduce this minimum amount if, in their absolute discretion, they consider that the circumstances so warrant. See the relevant Supplement for further details in relation to the initial Funds.

Settlement will normally be made by electronic transfer within 5 Business Days of the relevant Dealing Day on which the repurchase request is effective. Payment will be made in the Base Currency unless otherwise agreed with the Administrator to be in another major freely convertible currency. Payment of redemption proceeds will be made to the registered Shareholder to the account of record. Amendments to the registration details and payment instructions will only be effected on receipt of original documentation. The proceeds of the redemption of Shares will only be paid on receipt by the Administrator of the original subscription application form and all anti-money laundering documents and only where all anti-money laundering procedures have been completed. A repurchase request will not be capable of withdrawal after submission to the Company, unless such withdrawal is approved by the Company acting in its absolute discretion. If requested, the Company may, in its absolute discretion and subject to the prior approval of the Depositary, and on prior written notification to the Shareholders, agree to designate additional Dealing Days and Valuation Points for the repurchase of Shares.

The redemption proceeds of the Shares will only be paid on receipt by the Administrator of a repurchase request together with such other documentation that the Administrator may reasonably require. Any failure to supply the Company or the Administrator with any documentation requested by them may result in a delay in the settlement of redemption proceeds. In such circumstances, the Administrator will process any redemption request received by a Shareholder and by doing so that investor will no longer be considered a Shareholder notwithstanding that they have not received the redemption proceeds.

Any redemption proceeds held for any time in a Subscriptions/Redemptions Account shall remain an asset of the relevant Fund. In the event of the insolvency of the Company or a Fund, the Shareholder will rank as an unsecured creditor of the Company until such time as the Administrator is satisfied that its anti-money-laundering procedures have been fully complied with, following which redemption proceeds will be released to the relevant Shareholder. Accordingly, Shareholders are advised to promptly provide the Company or the Administrator (as appropriate) with all documentation requested to reduce the risk in this scenario.

Shares may not be repurchased during any period when the calculation of the Net Asset Value of any particular Fund is suspended in the manner described below. Shareholders requesting repurchase will be notified of such suspension and, unless withdrawn, repurchase requests will be considered as at the next Dealing Day following the end of such suspension.

Further conditions relating to the repurchase of Shares, including compulsory repurchase and limits on the amount of Shares which the Company is obliged to repurchase on any Dealing Day, are set out below.

TRANSFER OF SHARES

All transfers of shares shall be effected by transfer in writing in any usual or common form and every form of transfer shall state the full name and address of the transferor and the transferee. The instrument of transfer of a share shall be signed by or on behalf of the transferor. The transferor shall be deemed to remain the holder of the share until the name of the transferee is entered in the share register in respect thereof. The Directors may decline to register any transfer of shares, if they determine that such transfer is not in the best interests of the Company or if in consequence of such transfer, the transferor or transferee would hold less than the Minimum Holding or would otherwise infringe the restrictions on holding shares outlined above. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine, provided always that such registration shall not be suspended for more than thirty days in any year. The Directors may decline to register any transfer of shares unless the instrument of transfer is deposited at the registered office of the Company or at such other place as the Directors may reasonably require together with such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer. The transferee will be required to complete an Application Form which includes a declaration that the proposed transferee is not a US Person.

Shares are freely transferable and may not be subject to any transfer restrictions or compulsory redemption save where the holding of such shares may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or its Shareholders as a whole, or where such transfer would result in a shareholder falling below the specified minimum holding.

HOW TO SWITCH BETWEEN FUNDS

It is intended that investors will be able to switch between Classes or Funds.

Shareholders may switch some or all of their Shares in one Class or Fund to Shares in another Class or Fund. Instructions to switch Shares must be sent to the Company in writing or by facsimile or by electronic means provided such means are in accordance with the requirements of the Central Bank, and must be given by all joint shareholders. Instructions should include full registration details together with the number of Shares to be switched between named Classes or Funds. A switching fee of up to 5% may be charged.

Switching instructions received prior to the Dealing Deadline will be dealt with on that Dealing Day. Instructions received after the Dealing Deadline will be dealt with on the following Dealing Day.

Any Shareholder switching all or part of their holding of shares between Classes or Funds must meet the particular requirements of each Class or Fund in respect of minimum initial subscriptions and minimum holdings details of which are contained in the relevant Supplement in relation to Funds.

Switching will take place in accordance with the following formula:-

$$NS = \frac{(AxBxC) - D}{E}$$

where:-

NS = the number of shares which will be issued in the new Class or Fund;

- A = the number of the Shares to be converted;
- B = the repurchase price of the Shares to be converted;
- C = the currency conversion factor, if any, as determined by the Directors;
- D = a switching fee of up to 5% per cent of the Net Asset Value per Share; and
- E = the issue price of shares in the new Class or Fund on the relevant Dealing Day.

If NS is not an integral number of shares the Directors reserve the right to issue fractional shares in the new Class or Fund or to return the surplus arising to the Shareholder seeking to convert the Shares. The number of Shares will be rounded up or down to the nearest one thousandth of a Share.

Settlement Procedures

Payment in respect of subscriptions for Shares must be received by the Administrator no later than two Business Days after the relevant Dealing Day provided that the Directors reserve the right to defer the issue of Shares until receipt of subscription monies by the Fund.

Subscription payments net of all bank charges should be paid by CHAPS, SWIFT or telegraphic or electronic transfer to the bank account specified in the Application Form. No interest will be paid in respect of payments received in circumstances where the application is held over until a subsequent Dealing Day.

If payment in respect of a subscription has not been received by the relevant time, the Directors or their delegate may cancel the allotment and/or charge the investor interest at the 7 day London Interbank Offer Rate as fixed by the British Banking Association (LIBOR) + 1% to be reimbursed to the Administrator. In addition, the Directors have the right to sell all or part of the investor's holding of Shares in the Fund or any other Fund of the Company in order to meet such charges.

Applications received prior to the Dealing Deadline will be dealt with on that Dealing Day. Any applications received after the Dealing Deadline will be dealt with on the following Dealing Day. Payment is usually made in the Base Currency of the Fund or in other major freely convertible currencies by CHAPS, SWIFT, telegraphic or electronic transfer (quoting the subscription reference number, applicant's name and shareholder number, if available) to the bank account as set out in the relevant Application Form.

Investors are requested to instruct their bankers to advise the Administrator of the remittance of funds, such advice to include the subscription reference number, applicant's name, Shareholder number (if available) and the Class and Fund for identification purposes. Failure to do so will cause delay in the processing of the transaction onto the register.

Redemption payments will be made to the bank account detailed on the original account opening form or subsequently notified to the Administrator in writing. Redemption proceeds will normally be paid on the fifth Business Day after the relevant Dealing Day provided that all documentation has been received by the Administrator and all anti-money laundering procedures have been completed. The cost of such settlement by telegraphic transfer will be passed on to the Shareholder. The Administrator will not remit any redemption proceeds to a Shareholder if the anti-money laundering procedures have not been completed, nor will the Administrator remit payment to a third party bank account. In such circumstances, the Administrator will process the redemption request received by the Shareholder, however the redemption proceeds shall remain an asset of the Fund and the Shareholder will rank as a general creditor of the Company until such time as the Administrator is satisfied that its anti-money laundering procedures have been complied with, following which redemption proceeds will be released.

PART TWO

APPENDIX I

FEES AND EXPENSES

The fees in respect of the Fund are as follows:-

Investment Management and Performance Fees

The Company will pay to the Investment Manager monthly in arrears an investment management fee and may also pay the Investment Manager performance, distribution and/or subscription fees as set out in the relevant supplement of the initial Funds. The fee for future Funds shall be determined by the Directors at the time of creation of the Fund and details will be set out in the relevant Supplement. The investment management fee shall accrue and be paid monthly in arrears. Although there is no current intention to appoint sub-investment managers, the Investment Manager will be responsible for the fees and expenses of any sub-investment managers, advisors, or agents appointed by it.

The Company will pay the out-of-pocket expenses of the Investment Manager incurred on the proper performance of its duties which shall be paid out of the assets of the relevant Fund.

Administration Fees

The Administrator shall be entitled to receive out of the assets of each Fund, a monthly fee, accrued daily and payable monthly in arrears, of up to a maximum of 0.10% of the Net Asset Value of the Fund subject to a minimum annual fee of €54,000 per Fund. This minimum fee may be waived by the Administrator for such period or periods of time as may be agreed between the Company and the Administrator from time to time. An account opening fee per shareholder, a maintenance fee per shareholder account, per annum, a fee per transaction noted on the register and a fee for financial statements preparation are also payable by the Funds. These fees will be at normal commercial rates. The Administrator is also entitled to be reimbursed by the Funds for all of its reasonable disbursements and out of pocket expenses.

Depositary fees

The Depositary shall be entitled to receive out of the assets of each Fund, a monthly fee, accrued daily and payable monthly in arrears, based on the number of transactions and the Net Asset Value of the Fund, up to a maximum fee of 0.05% of the Net Asset Value of the Fund (plus VAT, if any) per annum. In addition to such remuneration, the Depositary shall be entitled to be repaid all of its reasonable disbursements, including the fees and expenses of any sub-custodian (which shall be at normal commercial rates) and transaction charges (which shall also be at normal commercial rates) levied by the sub-custodian and which shall be payable by the Fund.

Directors fees

The Directors who are not partners, officers or employees of the Sponsor, the Investment Manager, the Depositary or the Administrator, will be entitled to remuneration by the Company for their services as Directors provided however that the aggregate emoluments of each Director in respect of any twelve month accounting period shall not exceed €25,000 or such higher amount as may be approved by the Company in general meeting. In addition, the Directors will also be entitled to be reimbursed for their reasonable and vouched out of pocket expenses incurred in discharging their duties as Directors.

General Expenses

The Company will pay out of the assets of the Funds the fees and expenses (including value added tax, if applicable) payable to the Investment Manager, the Depositary, any sub-custodians (which shall be charged at normal commercial rates), the Administrator, any sub-investment manager, any investment advisor, any distributor appointed to distribute Shares, the legal advisers to the Company and the Directors (as referred to above) which will be set out in the relevant Supplement.

In addition, the Company may also bear the following expenses:

- (a) all taxes and expenses which may be incurred in connection with the acquisition and disposal of investments and all other assets of the Company;
- (b) all taxes which may be payable on the assets, income and expenses chargeable to the Company;
- (c) all brokerage, bank and other charges incurred by the Company in relation to its business transactions;
- (d) all remuneration, fees and expenses (including value added tax, if applicable) due to the Directors, the Administrator, the Investment Manager, the Depositary, the Auditors, any sub-investment manager, any investment advisor, any distributor appointed to distribute Shares and the legal advisers to the Company and any other person, firm or corporation providing services to the Company;
- (e) all expenses incurred in connection with publication and supply of information to Shareholders and in particular, but without limitation, the cost of printing and distributing confirmation notes, the half yearly financial statements (if applicable) and the annual audited financial statements as well as any other reports to the Central Bank or to any other regulatory authority or the Shareholders and the cost of preparing, publishing and distributing the Prospectus and any other offering documents for Shares and the cost of all stationery, printing and postage costs in connection with the preparation and distribution of information to Shareholders;
- (f) all expenses incurred in registering the Company with any governmental agencies or regulatory authorities and maintaining the registration of the Company with such governmental agencies or regulatory authorities and the cost of listing and maintaining a listing of Shares on any stock exchange;
- (g) any and all expenses arising in respect of legal or administrative proceedings concerning the Company;
- (h) all expense arising in respect of issuing, purchasing, repurchasing and redeeming Shares;
- (i) any and all expenses in relation the liquidation/ winding-up of the Company or termination of a Fund;
- (j) expenses incurred in acquiring and disposing of investments;
- (k) expenses incurred in distributing income to Shareholders;

- (l) fees in respect of the publication and circulation of details of the Net Asset Value of each Fund and each Class of each Fund;
- (m) the fees and expenses of the auditors, compliance facilitator, legal, money laundering reporting officer, tax and other professional advisers of the Company and of the Directors, consultants or designated persons;
- (n) the costs of convening and holding meetings of Shareholders (including meetings of Shareholders in any particular Fund or in any particular Class within a Fund and obtaining proxies in relation to such meetings) and meetings of Directors;
- (o) the costs of printing, translating and distributing reports, accounts and any Prospectus;
- (p) the costs of publishing prices and other information which the Company is required by law to publish and any other administrative expenses;
- (q) taxes and duties payable by the Company;
- (r) interest on and charges incurred in relation to borrowings;
- (s) fees and expenses in connection with the listing of Shares on any stock exchange;
- (t) the cost of obtaining and maintaining the listing of the Shares on the Irish Stock Exchange and/or any other exchange, including the fees of any sponsoring broker;
- (u) any costs incurred in modifying the Constitution or the Prospectus;
- (v) insurance which the Company may purchase and/or maintain for the benefit of and against any liability incurred by any Director of the Company in the performance his or her duties;
- (w) liabilities on amalgamation or reconstruction arising where the property of a body corporate or another collective investment scheme is transferred to the Depositary in consideration for the issue of Shares to the shareholders in that body or to participants in that other scheme, provided that any liability arising after the transfer could have been paid out of that other property had it arisen before the transfer and, in the absence of any express provision in the Constitution forbidding such payment, the Directors are of the opinion that proper provision was made for meeting such liabilities as were known or could reasonably have been anticipated at the time of transfer;
- (x) any costs incurred in forming a Fund or a Class (details of which will be set out in the Relevant Supplement);
- (y) any other costs or expenses that may be taken out of the Company's property in accordance with the Constitution;
- (z) any fees payable to the Central Bank and any other costs associated with any reporting or other regulatory requirements;
- (aa) any regulatory or other administrative fees, costs and expenses, including the fees, costs and expenses involved in complying with any regulatory, taxation or other requirements;

- (bb) any costs incurred in relation to the verification of securities prices;
- (cc) any administrative costs associated with compliance with local companies legislation and tax residency where required by the Company or any Fund;
- (dd) all expenses incurred in connection with the operation and management of the Company and all non-recurring and extraordinary items of expenditure as may arise from time to time; and
- (ee) any other fees deemed appropriate by the Directors.

Such charges will be at normal commercial rates and will be collected at the time of settlement. All recurring expenses will be charged against current income or against realised capital gains, and, if need be, against assets of the Company as the Directors may from time to time decide. In each of the foregoing matters plus any applicable value added tax.

Front End Fee

A front end fee of up to 5% may be payable by a Shareholder. The fee shall be paid to the Company.

MANAGEMENT AND ADMINISTRATION

The Board of Directors

The Board of Directors is responsible for managing the business affairs of the Company in accordance with the Constitution. The Constitution provides that the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking or property or any part thereof. The powers of the Company are subject to the limits and conditions set forth in the Regulations and as may from time to time be laid down by the Central Bank. The Regulations currently provide that the Company may borrow up to 10 per cent of its Net Asset Value provided that such borrowing is on a temporary basis and is not for the purpose of making investment and the Company may acquire foreign currencies by means of a back-to-back loan. The Directors may delegate certain functions to the Investment Manager, the Administrator, the Depositary and other parties, subject to supervision and direction by the Directors.

The Directors and their principal occupations are set forth below.

Directors and Secretary

Peter Blessing Mr. Blessing is a Chartered Accountant and has been executive director of Corporate Finance Ireland Limited, an independent corporate finance house, since 1996. He is also a director of and consultant to a number of International Financial Services Centre (“**IFSC**”) companies. He was Managing Director of Credit Lyonnais Financial Services, the IFSC subsidiary of Credit Lyonnais, from 1991 to 1995. He previously held senior positions with Allied Irish Banks, plc, where he was a director of its IFSC subsidiary from 1988 to 1991 and was a senior executive in its corporate finance division from 1982 to 1988.

Dermot Butler Mr. Butler, who was born in 1941, has more than thirty years experience in the financial markets, for over ten years of which he acted as an independent agent for Rudolf Wolff & Co. Limited, a commodity and futures broker. He also served on both the London Metal Exchanges Board and London

Metal Exchange Company, the options sub-committees, liaising between the Bank of England, the Department of Trade and Industry and the CFTC. Prior to moving to Dublin to set up the Custom House group of companies in 1989, he was both chairman and a director of McDonnell & Co. (London) Limited, a fund management and wholly owned subsidiary of McDonnell & Co. (Bermuda) Limited, where he was responsible for the marketing and promotion of the “McD” range of funds.

Claudio De Ranieri (Italian) Mr De Ranieri graduated from the Università Cattolica del Sacro Cuore - Milan, Italy with a Laurea in Economics of Financial Markets and Institutions. He has 12 years experience as a portfolio manager, working previously at KPMG Advisory S.p.A. as a consultant, Tamburi Investment Partners S.p.A as a Senior Analyst, CL&AR Value Advisors S.r.l. and Absolute Societa Semplice, as a Director, and joined Albemarle Asset Management Ltd in London in 2014. He has particular portfolio management experience in European and Italian equities and fixed-income. He has experience in implementing well-defined investment strategies, focused on risk/reward profile based on clear principles, rational approach, common sense and fundamental analysis. Mr De Ranieri has extensive skills in business and financial analysis, valuation (comps, DCF) and financial modelling, solid knowledge of accounting principles.

Fabrizio De Tomasi (Italian): Mr De Tomasi graduated with a Bachelor's and Masters of Science degree from Università Cattaneo, Liuc, in Business and Economics in 1995. Further, Mr De Tomasi acquired a Masters of Business Administration from SDA Bocconi School of Management in 2008. His career includes working as an Associate in Risk Management on Government Bonds for JP Morgan, as a Trader for Allianz, fulfilling the role as Vice President for Dresdner Bank where he was responsible for Sales and Trading on European Markets and was a Managing Director of GMSA Investment. Currently, Mr De Tomasi has been a Managing Director for AC Global Markets since 2010 where he is responsible for all government activities and was appointed Director of Albemarle Asset Management in 2017.

No Director has:

- (i) any unspent convictions in relation to indictable offences; or
- (ii) been bankrupt or the subject of an involuntary arrangement, or has had a receiver appointed to any asset of such Director; or
- (iii) been a Director of any Company which, while he was a director with an executive function or within 12 months after he ceased to be a director with an executive function, had a receiver appointed or went into compulsory liquidation, creditors, voluntary liquidation, administration or company voluntary arrangements, or made any composition or arrangements with its creditors generally or with any class of its creditors, save for Dermot S.L. Butler who was a director of Outerannual Limited, a U.K. company which was subject to a creditors voluntary liquidation in January, 1995;
- (iv) been a partner of any partnership, which while he was a partner or within 12 months after he ceased to be a partner, went into compulsory liquidation, administration or partnership voluntary arrangement, or had a receiver appointed to any partnership asset;
- (v) had any public criticism by statutory or regulatory authorities (including recognised professional bodies); or
- (vi) been disqualified by a court from acting as a director or from acting in the management or conduct of affairs of the Company.

The Directors of the Company are responsible for its management and control and the determination of its investment policy. It is anticipated that the Directors of the Company will meet at least twice a year to review the investment policy of the Company and the Investment Manager's implementation thereof.

As the day to day investment management and administration of the Company has been delegated to the Investment Manager and the Administrator respectively, all the Directors are non-executive.

For the purposes of this document, the address of the Directors is the registered office of the Company.

The Company's secretary is Walkers Corporate Services (Ireland) Limited.

The Investment Manager

The Company has appointed Albemarle Asset Management Limited, the promoter, as investment manager to the Company responsible for providing discretionary investment management and advisory services to the Company.

The Investment Manager is an investment company formed under the laws of England. As at 30 June 2018, the Investment Manager had funds under management of €344.3 million providing investment management services to a number of high net worth and institutional clients through managed accounts.

The amended and restated Investment Management Agreement dated 11 November 2015 between the Company and the Investment Manager provides that in the absence of negligence, wilful default, fraud or bad faith, neither the Investment Manager nor any of its directors, officers, employees or agents shall be liable for any loss or damage arising out of its performance of its obligations and duties under the Agreement. Under the Investment Management Agreement, in no circumstances shall the Investment Manager be liable for special, indirect or consequential damages, or for lost profits or loss of business, arising out of or in connection with the performance of its duties, or the exercise of its powers, under the Investment Management Agreement. The Company is obliged under the Investment Management Agreement to indemnify the Investment Manager from and against any and all claims, actions, proceedings, damages, losses, liabilities, costs and expenses (including legal fees and expenses) directly or indirectly suffered or incurred by the Investment Manager in connection with the performance of its duties and/or the exercise of its powers under the Investment Management Agreement, in the absence of any negligence, wilful default, bad faith or fraud.

Under the Investment Management Agreement, the Investment Manager is entitled to delegate or sub-contract all or any of its functions, powers, discretions, duties and obligations to any person approved by the Company in accordance with the requirements of the Central Bank, provided that: (i) such delegation or sub-contract shall terminate automatically on the termination of the Investment Management Agreement; (ii) that the Investment Manager shall remain responsible and liable for any acts or omissions of any such delegate as if such acts or omissions were those of the Investment Manager; (iii) such delegates are not paid directly out of the assets of the Company; and (iv) details of such delegates will be disclosed in the periodic reports and will be available to Shareholders on request.

The appointment of the Investment Manager under the Investment Management Agreement is not exclusive and the Company is entitled to appoint other persons to manage the assets of the Company and to provide investment advice to the Company.

The Investment Management Agreement shall continue in full force and effect unless terminated by either party at any time upon ninety (90) days prior written notice or at any time if the other party: (i) commits any material breach of the Agreement or commit persistent breaches of the Agreement which is or are

either incapable of remedy or have not been remedied within thirty (30) days of the non-defaulting party serving notice requiring the remedying of the default; (ii) becomes incapable of performing its duties or obligations under the Agreement; (iii) is unable to pay its debts as they fall due or otherwise becomes insolvent or enters into any composition or arrangement with or for the benefit of its creditors or any class thereof; (iv) is the subject of a petition for the appointment of an examiner, administrator, trustee, official assignee or similar officer to it or in respect of its affairs or assets; (v) has a receiver appointed over all or any substantial part of its undertaking, assets or revenues; (vi) is the subject of an effective resolution for the winding up (except in relation to a voluntary winding up for the purposes of reconstruction or amalgamation upon terms previously approved in writing by the other parties); or (vii) is the subject of a court order for its winding up or liquidation.

The Investment Manager, as a delegate of the Company, has remuneration policies and practices in place consistent with the requirements of the Regulations.

The Administrator

The Company has appointed Northern Trust International Fund Administration Services (Ireland) Limited as administrator, registrar and transfer agent, pursuant to the Administration Agreement. The Administrator will have the responsibility for the administration of the Company's affairs including the calculation of the Net Asset Value and preparation of the financial statements of the Company, subject to the overall supervision of the Directors.

The Administrator is a private limited company incorporated in Ireland on 15 June 1990 and is a wholly-owned subsidiary of Northern Trust Corporation. It is engaged in the administration of both Irish and non-Irish collective investment schemes. The Administrator is authorised and regulated by the Central Bank. Northern Trust Corporation and its subsidiaries comprise the Northern Trust Group, one of the world's leading providers of global custody and administration services to institutional and personal investors. As at 30 June, 2016, the Northern Trust Group's assets under custody and administration totalled in excess of US\$6.4 trillion.

The Administrator is not involved directly or indirectly with the business affairs, organisation or management of the Company and is not responsible for the preparation of this document other than the preparation of the above description and accepts no responsibility or liability for any information contained in this document except disclosures relating to it.

Under the Administration Agreement between the Company and the Administrator, pursuant to which the latter was appointed as Administrator to administer the affairs of the Company, subject to the terms and conditions of the Administration Agreement and subject to the overall supervision of the Directors, the Administration Agreement may be terminated by either party on 90 days written notice or forthwith by notice in writing in certain circumstances such as the insolvency of either party or unremedied breach after notice. The Administrator has the power to delegate its duties with the prior approval of the Central Bank.

The Administration Agreement provides that the Company shall indemnify the Administrator against all actions, claims, costs, damages, liabilities and expenses (including, without limitation, attorneys' fees on a full indemnity basis and amounts reasonably paid in settlement) incurred by the Administrator, its directors, officers, employees, servants or agents in the performance of any of its obligations or duties under the Administration Agreement including, without limitation, complying with instructions given to the Administrator by or on behalf of the Company otherwise than due to the fraud, bad faith, negligence or wilful default of the Administrator, its directors, officers, employees, servants or agents in the performance of any of its obligations or duties thereunder.

The Depositary

Northern Trust Fiduciary Services (Ireland) Limited has been appointed Depositary under the Depositary Agreement. The Depositary is a private limited liability company incorporated in Ireland on 5 July 1990. Its main activity is the provision of custodial services to collective investment schemes. The Depositary is an indirect wholly-owned subsidiary of Northern Trust Corporation. Northern Trust Corporation and its subsidiaries comprise the Northern trust Group, one of the world's leading providers of global custody and administration services to institutional and personal investors. As at 30 September 2015 the Northern Trust Group's assets under custody totalled in excess of US\$ 5.9 trillion. The principal activity of the Depositary is to act as custodian and trustee of the assets of collective investment schemes. The Depositary is regulated by the Central Bank.

The duties of the Depositary are to provide safekeeping, oversight and asset verification services in respect of the assets of the Company and each of its Funds in accordance with the provisions of the Regulations. The Depositary will also provide cash monitoring services in respect of each Funds' cash flows and subscriptions.

Under the terms of the Depositary Agreement, the Depositary may delegate its safekeeping obligations provided that (i) the services are not delegated with the intention of avoiding the requirements of the Regulations, (ii) the Depositary can demonstrate that there is an objective reason for the delegation and (iii) Northern Trust has exercised all due, skill, care and diligence in the selection and appointment of any third party to whom it wants to delegate parts of the services, and keeps exercising all due skill, care and diligence in the periodic review and ongoing monitoring of any third party to whom it has delegated parts of its safekeeping services and of the arrangements of the third party in respect of the matters delegated to it. The liability of the Depositary will not be affected by virtue of any such delegation. The Depositary has delegated to its global sub-custodian, The Northern Trust Company, London branch, responsibility for the safekeeping of the Company's financial instruments and cash. The global sub-custodian proposes to further delegate these responsibilities to sub-delegates, the identities of which are set forth in Schedule 1 attached.

The Depositary Agreement provides that the Depositary shall be liable, (i) in respect of a loss of a financial instrument held in its custody (or that of its duly appointed delegate) unless it can prove that the loss has arisen as a result of an external event beyond the Depositary's reasonable control, the consequences of which would have been unavoidable despite all reasonable measures to the contrary, and (ii) in respect of all other losses as a result of the Depositary's negligent or intentional failure to properly fulfil its obligations pursuant to the Regulations.

The Depositary Agreement also provides that the appointment of the Depositary will continue unless and until terminated by the Company or the Depositary giving to the other parties not less than 90 days' written notice although in certain circumstances the Depositary Agreement may be terminated immediately by the Company or the Depositary provided that the appointment of the Depositary shall continue in force until a replacement Depositary approved in advance by the Central Bank has been appointed and provided further that if within a period of 90 days' from the date on which the Depositary notifies the Company of its desire to retire or from the date on which the Company notifies the Depositary of its intention to remove the Depositary, no replacement Depositary shall have been appointed in accordance with Regulation 32 of the Central Bank UCITS Regulations, the Company shall apply to the High Court for an order to wind up the Company or convene in an extraordinary general meeting of the Shareholders of the Company at which there shall be proposed an ordinary resolution to wind up the

Company. The Depositary Agreement contains certain indemnities in favour of the Depositary (and each of its officers, employees and delegates) which are restricted to exclude matters arising by reason of the negligent or intentional failure of the Depositary in the performance of its duties.

Shareholders of the Company may, directly or indirectly through the Company, invoke claims relating to the liability of its Depositary depending on the legal nature between the Depositary, the Company and Shareholders provided that the right of Shareholders to invoke the liability of the Depositary should not lead to a duplication of redress or to unequal treatment of Shareholders.

The Depositary may act as the depositary of other open-ended investment companies and as trustee or depositary of other collective investment schemes. The Depositary has delegated custody services and asset verification services to The Northern Trust Company, London Branch. The Northern Trust Company has sub-delegated custody services and asset verification services to sub-custodians in certain eligible markets in which a Fund may invest.

It is therefore possible that the Depositary and/or its delegates and sub-delegates may in the course of its or their business be involved in other financial and professional activities which may on occasion have potential conflicts of interest with the Company or a Fund and/or other funds managed by the relevant Investment Manager or other funds for which the Depositary acts as the depositary, trustee or depositary. The Depositary will, however, have regard in such event to its obligations under the Depositary Agreement and the Regulations and, in particular, will use reasonable endeavours to ensure that the performance of its duties will not be impaired by any such involvement it may have and that any conflicts which may arise will be resolved fairly and in the best interests of Shareholders collectively so far as practicable, having regard to its obligations to other clients.

Up-to-date information in relation to the identity of the Depositary, the Depositary's duties, conflicts of interest, safekeeping functions delegated by the Depositary, list of delegates and sub-delegates and any conflicts of interest that may arise from such delegation will be made available to Shareholders on request.

Local Paying Agents and Distributors

The Company may appoint paying agents and distributors. Local regulations in certain countries may require the appointment of paying agents and the maintenance of accounts by such agents through which subscription and redemption monies may be paid. Investors who choose, or are obliged under local regulations to pay subscription monies or receive redemption monies via an intermediary entity rather than the directly to the Company's Subscriptions/Redemptions Account bear a credit risk against that intermediate entity with respect to (a) subscription monies, prior to the transmission of such monies to the Depositary for the relevant Fund and (b) redemption monies payable by such intermediate entity to the relevant investor. Fees payable to any such paying agent or distributor shall be payable out of the assets of the Company at normal commercial rates.

CONFLICTS OF INTEREST

The Investment Manager, each of the Directors, the Administrator, the Depositary and/or their respective affiliates or any person connected with them may from time to time act as manager, investment manager, Depositary, sub-custodian, registrar, broker, execution broker, director, administrator, investment adviser, dealer, service provider, distributor or sales agent in relation to, or be otherwise involved in, other investment funds and other vehicles (which may invest, either directly or indirectly, in any Fund) which

may have similar or different objectives to those of any Fund. It is, therefore, possible that any of the foregoing may, in the course of business, have potential conflicts of interest with any Fund. Each will, at all times, have regard in such event to its obligations to the Funds, as the case may be, and will endeavour to ensure that such conflicts are resolved fairly. Each will at all times have regard in such event to its obligations under the Constitution and/or any agreements to which it is party or by which it is bound in relation to the Company and, in particular, but without limitation to their obligations to act in the best interests of the Shareholders when undertaking any investments where conflicts of interest may arise and they will each respectively endeavour to ensure that such conflicts are resolved fairly. Where deemed appropriate by the Directors and approved for such purpose by the Depositary, a valuation committee of the Investment Manager may be established to value unlisted securities. In the regard, the Directors may accept the valuation of the valuation committee and investors should be aware that in these circumstances, a possible conflict of interest may arise, as the higher estimated value of the unlisted securities the higher the fees payable to the Investment Manager.

There is no prohibition on dealing in assets of the Funds by the Investment Manager, each of the Directors, the Administrator, the Depositary and/or their respective affiliates or any person connected with them provided that such transactions are carried out as if negotiated at arm's length and in the best interests of the Shareholders. A certified valuation of a transaction by a person approved by the Depositary as independent and competent, the execution of transactions on best terms on organised investment exchanges under their rules and, where these are not practical, transactions executed on terms the Depositary (or in the case of transactions involving the Depositary, the Directors) is satisfied conform to the principles set out above, will be deemed to be carried out as if negotiated at arm's length and in the best interests of the Shareholders. In such cases, the Depositary or the Company, as applicable, must document their rationale for being satisfied that the transaction conforms to the principles set out above.

Subject to applicable law and the Central Bank's requirements, employees or officers of, or their affiliates may directly or indirectly acquire Shares. Any acquisition or divestment of Shares by such individuals shall be on the terms applicable to all Shareholders and in satisfaction of professional requirements.

In selecting brokers to make purchases and sales for a Fund the Investment Manager will choose those brokers who provide best execution to that Fund. Best execution will be the best price available in the market, exclusive of any charges but taking account of any other exceptional circumstances such as counterparty risk, order size or client instructions. In determining what constitutes best execution, the Investment Manager may take into consideration the overall economic result to the Fund (price and commission plus other costs), the efficiency of the transaction, the brokers' ability to effect the transaction if a large block is involved, availability of the broker for transactions in the future, other services provided by the broker and the financial strength and stability of the broker. In managing the assets of the Fund, the Investment Manager may only receive research and statistical and other information and assistance from brokers in accordance with the relevant rules and obligations on inducements contained in national legislation transposing Directive 2014/65/EU ("MiFID II") and any relevant ancillary or implementing legislation, including Commission Delegated Directive (EU) 2017/593. The Investment Manager will also have regard to the rules and guidance of the Investment Manager's regulator.

The Investment Manager or any other member or any person connected with them may invest in, directly or indirectly, or manage or advise other investment funds, vehicles or accounts which invest in assets which may also be purchased or sold by the Company. None of the Investment Manager or any other member or any person connected with them is under any obligation to offer investment opportunities of which any of them becomes aware to the Company or to account to the Company in respect of (or share with the Company or inform the Company of) any such transaction or any benefit received by any of

them from any such transaction, but will allocate such opportunities at its discretion on an equitable basis between the Company and other clients.

Members of the Investment Manager will allocate resources as they in their sole discretion consider appropriate in managing the Funds and any other funds in accordance with their respective investment objectives and approaches.

A Director may be a party to, or otherwise interested in, any transaction or arrangement with a Fund or in which a Fund is interested, provided that he has disclosed to the Directors prior to the conclusion of any such transaction or arrangement the nature and extent of any material interest of his therein in addition to complying with the requirements of the Central Bank. Unless the Directors determine otherwise, a Director may not vote in respect of any contract or arrangement or any proposal whatsoever in which he has a material interest, having first disclosed such interest.

At the date of this Prospectus, no Director nor any connected person has any interest, beneficial or non-beneficial, in the share capital of the Company or any material interest in the Company or in any agreement or arrangement with the Company. The Directors shall endeavour to ensure that any conflict of interest is resolved fairly.

At the date of this Prospectus, the Directors have the following conflicts of interest with the Company: Mr. Fabrizio De Tomasi is the Managing Director of the Investment Manager.

By acquiring or continuing to hold Shares, each investor will be deemed to have acknowledged the existence of the actual or potential conflicts of interests described above and to have waived, to the fullest extent permitted by applicable law, any claim with respect to the existence of any such conflicts.

SOFT COMMISSIONS

The Investment Manager may effect transactions by or through the agency of another person with whom the Investment Manager has an arrangement under which that party will from time to time provide to or procure for the Investment Manager's goods, services or other benefits, such as research and advisory services, computer hardware associated with specialised software or research services and performance measures, etc., the nature of which is such that their provision benefits the Company as a whole and contributes to an improvement in the Company's performance and that of the Investment Manager in providing investment services to the Company and for which no direct payment is made but instead the Investment Manager undertakes to place business with the party. All transactions effected by the Investment Manager on behalf of the Company under such soft commission arrangements will be effected on best execution terms and, in deciding what this rule requires, no account will be taken of the benefits derived from the soft commissions arrangements. The benefits provided under the arrangement must be those which assist in the provision of investment services of the Company. For the avoidance of doubt, such goods and services do not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee salaries or direct money payments. Details of any such arrangements shall be included in the Company's annual and half-yearly reports.

Remuneration

The Company has remuneration policies and practices in place consistent with the requirements of the Central Bank UCITS Regulations and will procure that any delegate to whom such requirements also apply will have equivalent remuneration policies and practices in place.

The Remuneration Policy reflects the Company's objective for good corporate governance, promotes sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profile of the Funds or the Constitution. The Remuneration Policy sets out (i) a description of how remuneration and benefits are calculated, (ii) the identities of persons responsible for awarding the remuneration and benefits, and (iii) the composition of the remuneration committee, where such a committee exists. It is also aligned with the investment objectives of the each Fund and includes measures to avoid conflicts of interest. The Remuneration Policy is reviewed on an annual basis (or more frequently, if required) by the Board, led by the independent non-executive chairman of the Board, to ensure that the overall remuneration system operates as intended and that the remuneration pay-outs are appropriate for each Fund. This review will also ensure that the policy reflects best practice guidelines and regulatory requirements, as may be amended from time to time.

Details of the up-to-date remuneration policy are available on www.albemarleasset.com and a paper copy will be available to Shareholders free of charge upon request.

MEETING AND REPORTS TO SHAREHOLDERS

The financial year of the Company ends on 30 April each year.

The annual report of the Company incorporating audited financial statements will be published within four months after the end of the financial year. The financial statements of the Company will be maintained in the Base Currency of the Fund or such other currency as the Directors may determine. The first annual report was in respect of the year ended 30 April 2008.

The Company will publish a semi-annual unaudited financial report made up to 31 October in each year, containing a list of the Funds' holdings and their market values, within two months of the date to which it is made up. The first semi-annual report was in respect of the half-year ended 31 October 2007.

The annual and semi-annual reports will be supplied to Shareholders free of charge on request and will be available to the public at the registered office of the Company on any Business Day.

TAXATION

The following is a summary of relevant Irish tax law. It does not purport to be a complete analysis of all tax considerations relating to the holding of Shares. Shareholders and potential investors are advised to consult their professional advisers concerning possible taxation or other consequences of purchasing, holding, selling, exchanging or otherwise disposing of Shares under the laws of their country of incorporation, establishment, citizenship, residence, ordinary residence or domicile.

The following summary is based on advice received by the Directors regarding the law and practice in force in Ireland at the date of this Prospectus. As is the case with any investment, there can be no guarantee that the tax position or proposed tax position at the time of an investment in the Company will not change.

As Shareholders are no doubt aware, the tax consequences of any investment can vary considerably from one jurisdiction to another, and ultimately will depend on the tax regime of the jurisdictions within which a person is tax resident. Therefore the Directors strongly recommend that Shareholders obtain tax advice from an appropriate source in relation to the tax liability arising from the holding of Shares in the Company and any investment returns from those Shares.

Finance Act 2016 introduced a new regime for the tax treatment of investments in Irish real estate funds ("IREFs"). An IREF is as an investment undertaking, or sub-fund of an investment undertaking (other than a UCITS), in which 25% or more of the value of the assets at the end of the immediately preceding accounting period is derived directly or indirectly from Irish real estate and related assets, or where it would be reasonable to consider that the main purpose or one of the main purposes of the investment undertaking, or sub-fund, was to acquire such assets or carry on an Irish real estate business. On the basis that the Company has been authorised by the Central Bank as a UCITS neither the Company nor any of its sub-funds is an IREF and that accordingly Chapter 1B of Part 27 of the TCA will not apply to the Company nor to any of its sub-funds.

Ireland

The Company

The Company is an investment undertaking within the meaning of Section 739B TCA and therefore is not chargeable to Irish tax on its relevant income or relevant gains. The Company shall be regarded as resident for tax purposes in Ireland if it is centrally managed and controlled in Ireland and the Company is not regarded as resident elsewhere. It is intended that the Directors of the Company will conduct the affairs of the Company in a manner that will ensure that it is resident in Ireland for tax purposes.

Tax may arise for the Company on the happening of a "chargeable event" in the Company ("appropriate tax"). A chargeable event includes:

1. any payments to a Shareholder by the Company in respect of their Shares;
2. any appropriation or cancellation of Shares for the purposes of meeting the amount of appropriate tax payable on any gain arising by virtue of a transfer of any Shares;
3. any repurchase, redemption, cancellation or transfer of Shares; and

4. any deemed disposal by a Shareholder of their Shares at the end of a "relevant period" (a "deemed disposal").

A "relevant period" means a period of eight years beginning with the acquisition of the Shares and each subsequent period of eight years beginning immediately after the preceding relevant period.

There are also certain express exclusions from the meaning of chargeable event. A chargeable event does not include:

1. any exchange by a Shareholder, effected by way of a bargain made at arm's length by the Company, of the Shares in the Company for other Shares in the Company;
2. any transaction in relation to, or in respect of, Shares which are held in a clearing system recognised by the Irish Revenue Commissioners;
3. certain transfers of Shares between spouses/civil partners and former spouses/civil partners;
4. any exchange of Shares arising on a scheme of reconstruction or amalgamation (within the meaning of Section 739H TCA) of the Company, subject to certain conditions.

On the happening of a chargeable event the Company will deduct the appropriate tax on any payment made to the Shareholder in respect of the chargeable event. On the occurrence of a chargeable event where no payment is made, the Company may appropriate or cancel the required number of Shares to meet the tax liability.

Where the chargeable event is a deemed disposal and the value of Shares held by Irish Residents who are not Exempt Investors (as defined below) is less than 10% of the value of the total Shares in the Company (or sub-fund, as applicable), and the Company has made an election to report annually to the Irish Revenue Commissioners certain details for such Shareholder and has advised the Shareholder concerned in writing, the Company will not be obliged to deduct appropriate tax. The Shareholder must instead pay tax on the deemed disposal on a self-assessment basis. To the extent that any tax arises on a deemed disposal, such tax will be allowed as a credit against any tax payable on a subsequent chargeable event in respect of the relevant Shares. On the eventual disposal by the Shareholder of their Shares, a refund of any unutilised credit will be payable. In the case of Shares held in a recognised clearing system, the Shareholders may have to account for the tax arising at the end of a relevant period on a self-assessment basis.

No gain will be treated as arising to the Company on the happening of a chargeable event in relation to a Shareholder who is not Irish Resident at the time of the chargeable event or in relation to an Irish Resident Shareholder which is an Exempt Investor provided in each case that the requisite tax declaration in the form prescribed by the Irish Revenue Commissioners for the purposes of Section 739D TCA, where applicable, (the "Declaration") has been provided to the Company by the Shareholder.

Income and capital gains in respect of assets of the Company situated in countries other than Ireland may be subject to taxes including withholding taxes, imposed by such countries. The Company may not be able to avail of an exemption from, or reduced rate of, withholding tax by virtue of the double taxation treaties in operation between Ireland and other countries. The Company may not therefore be able to reclaim withholding tax suffered by it in particular countries. If this position changes in the future and the application of an exemption or lower rate results in a repayment to the Company, the Net Asset Value of the Company or a Fund will not be restated and the benefit will be allocated to the then-existing Shareholders rateably at the time of repayment.

Taxation of Shareholders

1. Non-Irish Residents

Non-Irish Resident Shareholders will not generally be chargeable to Irish income tax or capital gains tax in respect of their Shares.

No appropriate tax will be deducted by the Company provided that either:

- a) the Company is in possession of a signed and completed Declaration from such Shareholder to the effect that the Shareholder is not an Irish Resident; or
- b) the Company is in possession of written notice of approval from the Irish Revenue Commissioners to the effect that the requirement to provide a Declaration is deemed to have been complied with in respect of that Shareholder and the written notice of approval has not been withdrawn.

If the Company is not in possession of a Declaration or a written notice of approval, or the Company is in possession of information which would reasonably suggest that the information contained in the Declaration is not or is no longer materially correct, the Company must deduct tax on the happening of a chargeable event in relation to such Shareholders. The tax deducted will generally not be refunded.

In the absence of such a Declaration or a written notice of approval, the Company must presume that the Shareholder is Irish Resident and the Company will deduct the appropriate tax (at the rates set out below) on the happening of a chargeable event in relation to such Shareholder.

Intermediaries acting on behalf of non-Irish Resident Shareholders can make a Declaration on behalf of the Shareholders for whom they are acting provided that the Company is not in possession of any information which would reasonably suggest that the information contained in the Declaration is not or is no longer materially correct. The Intermediary must state in the Declaration that to the best of its knowledge and belief the Shareholders on whose behalf it acts are not Irish Resident.

A non-Irish Resident corporate Shareholder which holds Shares directly or indirectly by or for a trading branch or agency of the Shareholder in Ireland, will be liable to Irish corporation tax on income from the Shares or gains made on the disposal of the Shares under the self-assessment system.

2. Taxable Irish Residents

The following section describes the Irish tax treatment of Shareholders who are Irish Residents.

(a) Deductions by the Company

An Irish Resident Shareholder who is not an Exempt Investor will have appropriate tax deducted at the rate of 41% in respect of any distributions made by the Company and on any gain arising on a sale, transfer, deemed disposal (subject on election by the Company to the 10% threshold outlined above), redemption, repurchase or cancellation of Shares. Any gain will be computed on the difference between the value of the Shareholder's investment in the Company at the date of the chargeable event and the original cost of the investment as calculated under special rules. The Company will be entitled to deduct such appropriate tax from payments or, where no payment is made on the occurrence of a chargeable event, appropriate and cancel such number of Shares as

are required to meet the appropriate tax in respect of the relevant Shareholder and will pay the appropriate tax to the Irish Revenue Commissioners.

Where the Shareholder is an Irish resident company which is not an Exempt Investor and the Company is in possession of a declaration from the Shareholder that it is a company and which includes the company's tax reference number, tax will be deducted by the Company from any distributions made by the Company to the Shareholder and from any gains arising on a sale, transfer, deemed disposal redemption, repurchase, cancellation or other disposal of shares by the Shareholder at the rate of 25%.

Refunds of tax where a declaration could be made but was not in place at the time of a chargeable event are generally not available except in the case of certain corporate Shareholders within the charge to Irish corporation tax.

(b) Residual tax Liability

An Irish Resident Shareholder who is not a company and who is not an Exempt Investor (and has therefore had appropriate tax deducted), will not be liable to any further Irish income or capital gains tax in respect of any sale, transfer, deemed disposal, redemption, repurchase, cancellation of Shares or the making of any other payment in respect of their Shares.

Where an Irish Resident Shareholder is not a company and appropriate tax has not been deducted, the payment shall be treated as if it were a payment from an offshore fund and the Shareholder will be liable to account for Irish income tax at the rate of 41% on the payment or on the amount of the gain under the self-assessment system and in particular, Part 41A TCA. No further Irish tax will be payable by the Shareholder in respect of that payment or gain.

Where an Irish Resident Shareholder is a company which is not an Exempt Investor (and has therefore had appropriate tax deducted), and the payment is not taxable as trading income under Schedule D Case I, the Shareholder will be treated as having received an annual payment chargeable to tax under Case IV of Schedule D from which tax at the rate of 25% (or 41% if no Declaration has been made) has been deducted. In practice, where tax at a rate higher than 25% has been deducted from payments to a corporate Shareholder resident in Ireland, a credit of the excess tax deducted over the higher corporation tax rate of 25% should be available.

Where an Irish Resident Shareholder is a company which is not an Exempt Investor (and has therefore had appropriate tax deducted), and the payment is taxable as trading income under Schedule D Case I, the following provisions apply:

- (i) the amount received by the Shareholder is increased by any amount of appropriate tax deducted and will be treated as income of the Shareholder for the chargeable period in which the payment is made;
- (ii) where the payment is made on the redemption, repurchase or cancellation of Shares, such income will be reduced by the amount of consideration in money or money's worth given by the Shareholder for the acquisition of those Shares; and
- (iii) the amount of appropriate tax deducted will be set off against the Irish corporation tax assessable on the Shareholder in respect of the chargeable period in which the payment is made.

Where an Irish Resident Shareholder is a company and appropriate tax has not been deducted, the amount of the payment will be treated as income arising to the Shareholder which is chargeable to Irish tax. Where the payment is in respect of the cancellation, redemption, repurchase or transfer of Shares, such income shall be reduced by the amount of the consideration in money or money's worth given by the Shareholder on the acquisition of the Shares. Where the payment is not taxable as trading income for the company, it will be chargeable to tax under Schedule D Case IV. Where the payment is taxable as trading income for the company, it will be chargeable to tax under Schedule D Case I.

Should an excess payment of appropriate tax arise on the occurrence of a Chargeable Event as a result of tax paid on an earlier deemed disposal in respect of the Shareholder, the Company, on notification in writing to the Shareholder, is not obliged to process the refund arising on behalf of the Shareholder provided if immediately before the chargeable event the value of Shares held by Irish Residents who are not Exempt Investors does not exceed 15% of the value of the total Shares in the Company. Instead the Shareholder should seek such a repayment directly from the Irish Revenue Commissioners. Irish legislation also provides in the case of a deemed disposal for the making of an irrevocable election by the Company to value the Shares in respect of all Shareholders at the later of 30 June or 31 December immediately prior to the date of the deemed disposal, rather than on the date of the deemed disposal.

Other than in the instances described above the Company will have no liability to Irish taxation on income or chargeable gains.

(c) Reporting

Pursuant to Section 891C TCA and the Return of Values (Investment Undertakings) Regulations 2013, the Company is obliged to report certain details in relation to Shares held by Shareholders to the Irish Revenue Commissioners on an annual basis. The details to be reported include the name, address and, in the case of individual Shareholders, date of birth if on record of, and the value of the Shares held by, a Shareholder. In respect of Shares acquired on or after 1 January 2014, the details to be reported also include the tax reference number of the Shareholder (being an Irish tax reference number or VAT registration number, or in the case of an individual, the individual's PPS number) or, in the absence of a tax reference number, a marker indicating that this was not provided. No details are to be reported in respect of Shareholders who are:

- (i) Exempt Investors;
- (ii) Non-Irish Resident Shareholders (provided a Declaration has been made); or
- (iii) Shareholders whose Shares are held in a recognised clearing system.

3. *Exempt Investors*

a) Deductions by the Company

Appropriate tax will not be deducted on the happening of a chargeable event in respect of Shares held by an Exempt Investor where the Company is in possession of a Declaration in relation to such Shares. It is the Exempt Investor's obligation to account for any tax to the Irish Revenue Commissioners and return such details as are required to the Irish Revenue Commissioners. It is also the Exempt Investor's obligation to notify the Company if it ceases to be an Exempt Investor.

Exempt Investors in respect of whom the Company is not in possession of a Declaration will be treated by the Company in all respects as if they are not Exempt Investors (see above).

b) Residual tax Liability

Exempt Investors may be liable to Irish tax on their income, profits and gains in relation to any sale, transfer, repurchase, redemption or cancellation of Shares or dividends or distributions or other payments in respect of their Shares.

Other Taxes – All Shareholders

Personal Portfolio Investment Undertaking

An investment undertaking such as the Company will be considered to be a personal portfolio investment undertaking ("PPIU") in relation to a specific Irish Resident Shareholder where that Shareholder is an individual and the Shareholder or certain persons connected with the Shareholder can select or influence the selection of some or all of the property of the undertaking. The appropriate tax deducted on the happening of a Chargeable Event in relation to a PPIU will be at the rate of 60% (or 80% where details of the payment/disposal are not correctly included in the individual's tax returns). An investment undertaking is not a PPIU if the only property which may be or has been selected was acquired on arm's length terms as part of a general offering to the public.

Currency Gains

Where a currency gain is made by an Irish Resident Shareholder on the disposal of Shares, such Shareholder may be liable to Irish capital gains tax or corporation tax in respect of such gain in the year of assessment in which the Shares are disposed of.

Stamp Duty

Generally no stamp, documentary, transfer or registration tax is payable in Ireland on the issue, sale, transfer, redemption, repurchase, cancellation of or subscription for Shares on the basis that the Company qualifies as an investment undertaking within the meaning of Section 739B TCA. If any redemption is satisfied by the transfer in specie to any Shareholder of any Irish assets, a charge to Irish stamp duty may arise.

Capital Acquisitions Tax

Provided the Company continues to qualify as an investment undertaking as defined by Section 739B TCA any Shares which are comprised in a gift or an inheritance will be exempt from capital acquisitions tax ("CAT") and will not be taken into account in computing CAT on any gift or inheritance taken by the donee or successor if (i) the Shares are comprised in the gift or inheritance at the date of the gift or at the date of the inheritance, and at the relevant valuation date; (ii) at the date of the disposition, the Shareholder making the disposition is neither domiciled nor ordinarily resident in Ireland; and (iii) at the date of the gift, or at the date of the inheritance, the donee or successor is neither domiciled nor ordinarily resident in Ireland.

Residence and Ordinary Residence

The following summary of the concepts of residence and ordinary residence under Irish tax law has been issued by the Irish Revenue Commissioners for the purposes of the Declaration set out in the Application

Form. Shareholders and potential investors are advised to contact their professional advisers if they have any concerns in relation to the Declaration.

Residence – Company

Prior to Finance Act 2014, company residence was determined with regard to the long-established common law rules based on central management and control. These rules were significantly revised in Finance Act 2014 to provide that a company incorporated in Ireland will be regarded as resident for tax purposes in Ireland, unless it is treated as resident in a territory with which Ireland has a double taxation agreement. While the common law rule based on central management and control remains in place, it is subject to the statutory rule for determining company residence based on incorporation in Ireland. A company which has its central management and control in Ireland is resident in Ireland irrespective of where it is incorporated.

The incorporation rule for determining the tax residence of a company incorporated in Ireland applies to companies incorporated on or after 1 January 2015. For companies incorporated in Ireland before this date, a transition period will apply until 31 December 2020. Under these transitional arrangements, a further exception from the incorporation rule applies where the company or a related company carries on a trade in Ireland, and either the company is ultimately controlled by persons resident in EU Member States or, in countries with which Ireland has a double taxation treaty (a "taxation treaty country") or the company or a related company are quoted companies on a recognised stock exchange in the EU or in a taxation treaty country.

A company coming within this additional exception from the incorporation rule which has its central management and control outside of Ireland will still be regarded as resident in Ireland if (i) it would by virtue of the law of a taxation treaty country be tax resident in that taxation treaty country if it were incorporated in that taxation treaty country but would not otherwise be tax resident in that taxation treaty country, (ii) it is managed and controlled in that taxation treaty country and (iii) it would not otherwise by virtue of the law of any territory be regarded as resident in that territory for tax purposes.

As noted above, the additional exception from the incorporation rule of tax residence in respect of a company incorporated before 1 January 2015 will however cease to apply or be available after 31 December 2020, or, if earlier, from the date, after 31 December 2014, of a change in ownership (direct or indirect) of the company where there is a major change in the nature or conduct of the business of the company within the period beginning on the later of 1 January 2015 or the date which occurs one year before the date of the change in ownership of the company, and ending 5 years after the date of the change in ownership. For these purposes a major change in the nature or conduct of the business of the company includes the commencement by the company of a new trade or a major change arising from the acquisition by the company of property or of an interest in or right over property. These rules are relatively complex and we would recommend that any Irish incorporated company that considers it is not Irish tax resident seeks professional advice before asserting this in any Declaration given to the Company.

Residence – Individual

The normal rule is an individual will be regarded as being resident in Ireland for a tax year if that individual:

- 1) spends 183 days or more in Ireland in that tax year; or
- 2) has a combined presence of 280 days in Ireland, taking into account the number of days spent in Ireland in that tax year together with the number of days spent in Ireland in the preceding year.

Presence in a tax year by an individual of not more than 30 days in Ireland will not be reckoned for the purpose of applying the two year test. Presence in Ireland for a day means the personal presence of an individual at any time during that day.

Ordinary Residence – Individual

The Irish tax year operates on the calendar year basis. The term "ordinary residence" (as distinct from 'residence') denotes residence in a place with some degree of continuity.

An individual who has been resident in Ireland for three consecutive tax years becomes ordinarily resident with effect from the commencement of the fourth tax year. An individual who has been ordinarily resident in Ireland ceases to be ordinarily resident at the end of the third consecutive tax year in which the individual is not resident in Ireland. For example, an individual who is resident and ordinarily resident in Ireland in 2018 and departs Ireland in that year will remain ordinarily resident in Ireland up to the end of the year in 2021.

Common Reporting Standard

The common reporting standard framework was first released by the OECD in February 2014 and on 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD which includes the text of the Common Reporting Standard ("**CRS**" or the "**Standard**"). The goal of the Standard is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) ("**FIs**") relating to account holders who are tax resident in other participating jurisdictions.

Ireland is a signatory to the Multilateral Competent Authority Agreement on Automatic Exchange of Financial Account Information. Over 100 jurisdictions have committed to exchanging information under the Standard and a group of 50 countries, including Ireland, committed to the early adoption of the CRS from 1 January 2016 (known as the "**Early Adopter Group**"). The first data exchanges took place in September 2017. All EU Member States (with the exception of Austria) are members of the Early Adopter Group.

CRS was legislated for in Ireland under the Returns of Certain Information By Reporting Financial Institutions Regulations 2015 which came into effect on 31 December 2015 (the "**Irish CRS Regulations**"). The Irish CRS Regulations provide for the collection and reporting of certain financial account information by Irish FIs, being FIs that are resident in Ireland (excluding any non-Irish branch of such FIs), Irish branches of Irish resident FIs and branches of non-Irish resident FIs that are located in Ireland. Ireland elected to adopt the 'wider approach' to the Standard. This means that Irish FIs will collect and report information to the Irish Revenue Commissioners on all non-Irish and non-U.S. resident account holders rather than just account holders who are resident in a jurisdiction with which Ireland has an exchange of information agreement. The Irish Revenue Commissioners will exchange this information with the tax authorities of other participating jurisdictions, as applicable.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("**DAC II**") implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange certain financial account information on residents in other EU Member States on an annual basis. The Irish Revenue Commissioners issued regulations to implement the requirements of DAC II into Irish law on 31 December 2015 and Irish FIs (such as the Company) are obliged to make a single return in respect of CRS and DAC II using the Revenue Online Service (ROS). Failure by an Irish FI to comply with its CRS or DAC II obligations may result in an Irish FI being deemed to be non-compliant in respect of its

CRS or DAC II obligations and monetary penalties may be imposed on a non-compliant Irish FI under Irish legislation.

It is expected that the Company will be classified as an Irish FI for CRS purposes and will be obliged to report certain information in respect of certain of its equity holders and debt holders to the Irish Revenue Commissioners using the Revenue Online Service (ROS). The relevant information must be reported to the Irish Revenue Commissioners by 30 June in each calendar year.

For the purposes of complying with its obligations under CRS and DAC II, an Irish FI (such as the Company) shall be entitled to require Shareholders to provide any information regarding their (and, in certain circumstances, their controlling persons') tax status, identity, jurisdiction of residence, taxpayer identification number and, in the case of individual shareholders, their date and place of birth in order to satisfy any reporting requirements which the Company may have as a result of CRS and DAC II and Shareholders will be deemed by their holding, to have authorised the automatic disclosure of such information, together with certain financial account information in respect of the Shareholder's investment in the Company (including, but not limited to, account number, account balance or value and details of any payments made in respect of the Shares) by the Company (or any nominated service provider) or any other person on the Company's behalf to the Irish Revenue Commissioners and any other relevant tax authorities.

The Company (or any nominated service provider) agrees that information (including the identity of any Shareholder (and its controlling persons (if applicable)) supplied for the purposes of CRS or DAC II is intended for the Company's (or any nominated service provider's) use for the purposes of satisfying its CRS and DAC II obligations and the Company (or any nominated service provider) agrees, to the extent permitted by applicable law, that it will take reasonable steps to treat such information in a confidential manner, except that the Company may disclose such information (i) to its officers, directors, agents and advisors, (ii) to the extent reasonably necessary or advisable in connection with tax matters, including achieving CRS and DAC II compliance, (iii) to any person with the consent of the applicable Shareholder, or (iv) as otherwise required by law or court order or on the advice of its advisors.

Prospective investors should consult their advisors about the potential application of CRS.

U.S. Foreign Account Tax Compliance Act

The foreign account tax compliance provisions contained in Sections 1471 to 1474 of the United States Internal Revenue Code and the regulations promulgated thereunder (“**FATCA**”) impose a reporting regime which may impose a 30% withholding tax on certain U.S. source payments, including interest (and original issue discounts), dividends, other fixed or determinable annual or periodical gains, profits and income, made on or after 1 July 2014 and the gross proceeds from a disposition of property of a type which can produce U.S. source interest or dividends made on or after 1 January 2019 (collectively, “**Withholdable Payments**”), if paid to certain non-U.S. financial institutions (any such non-U.S. financial institution, an “**FFI**”) that fail to enter into, or fail to comply with once entered into, an agreement with the U.S. Internal Revenue Service to provide certain information about their U.S. accountholders, including certain account holders that are non-U.S. entities with U.S. owners. The Company expects that it will constitute an FFI. The United States and the Government of Ireland have entered into an intergovernmental agreement to facilitate the implementation of FATCA (the “**IGA**”). An FFI (such as the Company) that complies with the terms of the IGA, as well as applicable local law requirements will not be subject to withholding under FATCA with respect to Withholdable Payments that it receives. Further, an FFI that complies with the terms of the IGA (including applicable local law requirements) will not be required to withhold under FATCA on Withholdable Payments it makes to accountholders of such FFI (unless it has agreed to do so under the U.S. “qualified intermediary.”

”withholding foreign partnership,” or “withholding foreign trust” regimes). Pursuant to the IGA, an FFI is required to report certain information in respect of certain of its accountholders to its home tax authority, whereupon such information will be provided to the U.S. Internal Revenue Service. The Company will undertake to comply with the IGA and any local implementing legislation, but there is no assurance that it will be able to do so.

The Company (or any nominated service provider) shall be entitled to require Shareholders to provide any information regarding their (and, in certain circumstances, their controlling persons') tax status, identity or residency in order to satisfy any reporting requirements which the Company may have as a result of the IGA or any legislation promulgated in connection with the agreement and Shareholders will be deemed by their shareholding to have authorized the automatic disclosure of such information by the Company (or any nominated service provider) or any other person on the Company's behalf to the relevant tax authorities.

The Company (or any nominated service provider) agrees that information (including the identity of any Shareholder) (and its controlling persons (if applicable)) supplied for purposes of FATCA compliance is intended for the Company's (or any nominated service provider) use for purposes of satisfying FATCA requirements and the Company (or any nominated service provider) agrees, to the extent permitted by applicable law, that it will take reasonable steps to treat such information in a confidential manner, except that the Company may disclose such information (i) to its officers, directors, agents and advisors, (ii) to the extent reasonably necessary or advisable in connection with tax matters, including achieving FATCA compliance, (iii) to any person with the consent of the applicable Shareholder, or (iv) as otherwise required by law or court order or on the advice of its advisors.

Prospective investors should consult their advisors about the potential application of FATCA.

APPENDIX II

VALUATION OF ASSETS AND TEMPORARY SUSPENSION

OF DETERMINATION OF NET ASSET VALUE

The Net Asset Value of each Fund is calculated as the value of the assets of such Fund, less its liabilities at the Valuation Point.

The Net Asset Value per Share of each Fund calculated as of the Valuation Point in respect of each Dealing Day is determined by dividing the Net Asset Value of the assets of the Fund attributable to the Shares of the relevant Fund on that day by the number of Shares of the relevant Fund outstanding. Where more than one class of Shares is in issue in respect of a Fund, the Net Asset Value of the relevant Fund calculated as provided for above, shall be allocated between each class in accordance with the respective values in the Base Currency of the Fund represented by subscriptions and redemptions of Shares of each class of the Fund received or made from time to time. Where different entitlements, fees, charges, costs or liabilities apply in respect of different classes, these are excluded from the initial calculation of the Net Asset Value of the Fund and applied separately to the Net Asset Value allocated to the relevant class. The portion of the Net Asset Value of each Fund attributable to each class shall then be converted into the relevant currency of denomination of the class at prevailing exchange rates applied by the Administrator and shall be divided by the number of Shares of the relevant class outstanding in order to calculate the Net Asset Value per Share of the relevant class.

The Constitution provides for the method of valuation of the assets and liabilities of each Fund in particular, the Constitution provides that:

- (i) each Investment which is quoted, listed or traded under the rules of a Recognised Market, for which market quotations are readily available, shall be valued as at the last traded price on the relevant Recognised Market at the Valuation Point, or (if bid and offer quotations are made) the latest available middle market quotation and the Depositary shall ensure that the adoption of such procedure is justifiable in the context of establishing the probable realisation value of the security.
- (ii) Securities acquired or traded at a premium or at a discount outside or off the Recognised Market shall be valued taking into account the level of premium or discount as of the date of valuation of the investment with the approval of the Depositary.
- (iii) If the Investment is normally listed, traded or dealt in on or under the rules of more than one Recognised Market, the relevant Recognised Market shall be that which constitutes the main market for the investment. If prices for an investment listed, traded or dealt in on the relevant Recognised Market are not available at the relevant time or are unrepresentative, or in the event that any Investments are not listed or traded on any Recognised Market, such investment shall be valued at such value as shall be certified with care and good faith as the probable realisation value of the investment by a competent professional person, firm or corporation appointed by the Directors and approved for such purpose by the Depositary which may be the Investment Manager, or by any other means provided that the value is approved by the Depositary. None of the Directors, the Investment Manager, or the Administrator shall be under any liability if a price reasonably believed by them to be the latest available price for the time being may be found not to be such.

- (iv) Fixed income securities may be valued using the matrix pricing compiled by the persons listed in 2(a)-(c) of Schedule 5 of the Central Bank UCITS Regulations, where reliable market quotations are not available.
- (v) Units or shares in collective investment schemes which are not valued in accordance with the provisions above shall be valued on the basis of the latest available Net Asset Value per unit/share as published by the collective investment scheme.
- (vi) Cash deposits and similar investments shall be valued at their face value together with accrued interest unless in the opinion of the Directors (in consultation with the Investment Manager) any adjustment is considered necessary to reflect the fair value in the context of currency, marketability, dealing costs and/or such other consideration which are deemed relevant.
- (vii) Exchange-traded derivative instruments shall be valued at the relevant settlement price on the applicable exchange, provided that if the settlement price of an exchange-traded derivative instrument on the applicable exchange is not available, the value of such instrument shall be the probable realisation value estimated with care and in good faith by a competent person appointed by the Directors and approved for the purpose by the Depositary, which may be the Investment Manager or a valuation by any other means provided that the value is approved by the Depositary. The Company will value over the counter derivatives using a valuation calculated by the Company or by an independent pricing vendor. Over the counter derivatives are subject to reliable and verifiable valuation on a daily basis. The counterparty to derivative instruments not traded on an exchange must be prepared to value the contract and to close out the transaction at any time at the request of the Company at fair value.
- (viii) Forward foreign exchange contracts are calculated based on the probable realisation value taking into account the spot rate of exchange and interest rates based on the respective currencies. Interest rate swap contracts will be valued in accordance with the preceding paragraph.
- (ix) Notwithstanding the provisions of the above paragraphs:
 - (a) The Directors or their delegates shall have in place an escalation procedure to ensure that any material discrepancy between the market value and the amortised cost value of a money market instrument is brought to the attention of the personnel who are responsible for the investment management of the Fund.
 - (b) Where it is not the intention or objective of the Directors or their delegates to apply amortised cost valuation to the portfolio of a Fund as a whole, a money market instrument within such a portfolio shall only be valued on an amortised basis if the money market instrument has a residual maturity of less than 3 months and does not have any specific sensitivity to market parameters, including credit risk.
- (x) Notwithstanding the generality of the foregoing, the Directors may with the approval of the Depositary adjust the value of any investment if, taking into account currency, marketability and/or such other considerations as they may deem relevant, such as applicable rate of interest, anticipated rate of dividend, maturity or liquidity, they consider that such adjustment is required to reflect the fair value thereof.
- (xi) Any value expressed otherwise than in the Base Currency of the relevant Fund shall be converted into the Base Currency of the relevant Fund at the prevailing exchange rate which the Directors or their delegate shall determine to be appropriate.

- (xii) A particular or specific asset valuation may be carried out using an alternative method of valuation if the Directors deem it necessary and the alternative method must be approved by the Depositary and the rationale and/or methodologies used shall be clearly documented.
- (xiii) In this regard, the Company shall agree written procedures to enable the Depositary to carry out a detailed initial review and subsequent periodic reviews of the overall valuation methodologies of the Company including the provision by the Company of details of the rationale for any alternative method of valuation.

The Directors may, at any time, temporarily suspend the calculation of the Net Asset Value and the issue, redemption or conversion of any particular Fund during:

- (i) any period when any Recognised Market on which a substantial portion of the Investments for the time being comprised in the relevant Fund are quoted, listed or dealt in is closed otherwise than for ordinary holidays, or during which dealings in any such Recognised Market are restricted or suspended;
- (ii) any period when, as a result of political, military, economic or monetary events or other circumstances beyond the control, responsibility and power of the Directors, the disposal or valuation of Investments for the time being comprised in the relevant Fund cannot, in the opinion of the Directors, be effected or completed normally without prejudicing the interest of Shareholders;
- (iii) any breakdown in the means of communication normally employed in determining the value of any Investments for the time being comprised in the relevant Fund or during any period when, for any other reason, the value of the Investments comprised in the relevant Fund cannot, in the opinion of the Directors, be promptly or accurately ascertained;
- (iv) any period when the Company is unable to repatriate funds for the purposes of making redemption payments or during which the realisation of Investments for the time being comprised in the relevant Fund, or the transfer or payment of funds in connection therewith cannot in the opinion of the Directors, be effected at normal prices or normal rates of exchange;
- (v) any period when, as a result of adverse market conditions, the payment of redemption proceeds may, in the opinion of the Directors, have an adverse impact on the relevant Fund or the remaining Shareholders in such Fund; or
- (vi) any period when the Directors determine that it is in the best interests of the Shareholders to do so.

The Central Bank may also require the suspension of redemption of Shares in the interest of the shareholders or the public.

Shareholders who have requested repurchases of any Shares will be notified of any such suspension and, unless withdrawn but subject to the limitation referred to above, their requests will be dealt with on the Dealing Day next following that on which the suspension is lifted.

Any such suspension will be notified to the Central Bank and the Irish Stock Exchange (if applicable) without delay and in any event within the same Business Day on which such suspension occurs and will be published in the Financial Times if in the opinion of the Directors it is likely to exceed 14 days. In addition, where possible all reasonable steps will be taken to bring any period of such suspension to an end at the earliest opportunity.

PUBLICATION OF PRICES

Details of the most recent price of Shares in the Fund may be obtained from the Administrator and also from the website: <http://www.morningstar.it/>, and will be notified without delay to the Irish Stock Exchange (if applicable) following calculation.

CONDITIONS RELATING TO REPURCHASE OF SHARES

If outstanding redemption requests from all holders of Shares in any Fund on any Dealing Day total in aggregate more than 10% of all the Shares of that Fund in issue on such Dealing Day, the Directors shall be entitled at their discretion to refuse to redeem such excess number of Shares in issue on that Dealing Day in respect of which redemption requests have been received as the Directors shall determine. If the Directors refuse to redeem Shares for this reason, the requests for redemption on such date shall be reduced rateably and the Shares to which each request relates which are not redeemed shall be carried forward for redemption on each subsequent Dealing Day on a pro rata basis, until all the Shares to which the original request related have been redeemed.

Requests for the redemption of Shares, should be made to the Company in writing (requests by facsimile will be treated as definite orders) and must be received prior to the Dealing Deadline for the relevant Dealing Day. Redemption requests received after a Dealing Deadline shall be treated as having been received by the next following Dealing Deadline. A redemption request will not be capable of withdrawal after submission to the Company, unless such withdrawal is approved by the Company, acting in its absolute discretion. The redemption price will be the Net Asset Value of the Shares less any redemption fee. If requested, the Company may, in its absolute discretion and subject to the prior approval of the Depositary, and on prior written notification to the Shareholders, agree to designate additional Dealing Days and Valuation Points for the redemption of Shares.

The amount due on redemption of Shares will normally be paid by electronic transfer at the Shareholder's expense, on the fifth Business Day of the relevant Dealing Day. The proceeds of the redemption of the Shares will only be paid on receipt by the Company of the original Signed Application Form and upon receipt of all relevant documents required by the Administrator including any documentation in connection with anti-money laundering procedures and that the anti-money laundering procedures have been completed. In the case of a redemption request sent by facsimile, payment of redemption proceeds will only be made to the account of record as provided for in the Application form.

The Constitution contains special provisions where repurchase requests received from any one Shareholder would result in more than 5% of the Net Asset Value of Shares of the relevant class being repurchased by the Company on any Dealing Day. In such a case, the Company may, with the consent of the redeeming shareholder and subject to the approval of the Depositary, satisfy the repurchase request by a distribution of investments in specie and transfer to him such assets in satisfaction or part satisfaction of the repurchase price or any part of the said repurchase price, provided that no such distribution will cause material prejudice to the interests of remaining Shareholders. Where a notice of election is served on a Shareholder the Shareholder may, by a further notice served on the Company, require the Company instead of transferring the assets in question to arrange for a sale of the assets and for payment to the Shareholder of the net proceeds of sale.

Shares may not be repurchased during any period when the calculation of the Net Asset Value of any particular Fund is suspended in the manner described above. Shareholders requesting repurchase will be

notified of such suspension and, unless withdrawn, repurchase requests will be considered as at the next Dealing Day following the end of such suspension.

The Directors have the right to compulsorily redeem all or some of the Shares held by a Shareholder at the Net Asset Value per Share less Duties and Charges as at the Valuation Point immediately prior to the date such redemption is to take effect if the Directors shall determine in their absolute discretion to do so.

Where the Directors become aware that a Shareholder; (i) is a US Person or is holding Shares for the account of a US Person; or (ii) is holding Shares in breach of any laws or requirements of any country or government authority (which may include non-compliance with applicable anti-money laundering requirements) or otherwise in circumstances (whether directly or indirectly) affecting such person or persons, and whether taken alone or in conjunction with any other persons connected or not, or any other circumstances appearing to the Directors to be relevant which, in the opinion of the Directors, might result in the Company or any Shareholder incurring liability to taxation or suffering any other legal, regulatory, pecuniary, fiscal or material administrative disadvantage which the Company or Shareholders might not otherwise have incurred or suffered; or (iii) the Directors in their sole discretion consider it to be in the best interests of the Company and the Shareholders to do so; the Directors may; (a) direct the Shareholder to dispose of those Shares to a person who is qualified or entitled to own or hold the Shares within such time period as the Directors stipulate; or (b) redeem the Shares at their Net Asset Value per Share as at the Valuation Point immediately following the date of notification of such mandatory redemptions to the Shareholder.

The Directors may also compulsorily redeem Shares where required to give effect to the terms upon which such Shares were issued as described in the Prospectus (including for the avoidance of doubt, any performance fee equalisation or other equalisation policy provided for in the Prospectus).

In the event of any liability or charge to Taxation arising in respect of Shares or any Shareholder, the Company is entitled to redeem, repurchase, appropriate or cancel such number of Shares as is required to meet the appropriate liability or charge of such Shareholder and to account for such appropriate tax to the relevant tax authorities.

Where a repurchase of shares would result in the number of Shareholders falling below seven or such other minimum number stipulated by statute or where a repurchase of shares would result in the issued share capital of the Company falling below such minimum amount as the Company may be obliged to maintain pursuant to applicable law, the Company may defer the repurchase of the minimum number of shares sufficient to ensure compliance with applicable law. The repurchase of such shares will be deferred until the Company is wound up or until the Company procures the issue of sufficient shares to ensure that the repurchase can be effected. The Company shall be entitled to select the shares for deferred repurchase in such manner as it may deem to be fair and reasonable and as may be approved by the Depositary.

GENERAL INFORMATION

INCORPORATION AND SHARE CAPITAL

The Company was incorporated under the laws of the Republic of Ireland on 5 March 2007 as a variable capital company, with registered number 435796, and is authorised under the Regulations.

At the date hereof:

- (a) the authorised share capital of the Company is 500,000,300,002 Shares of no par value initially divided into 2 Subscriber Shares of no par value, 300,000 Capitalisation Shares of no par value and 500,000,000,000 Shares of no par value
- (b) the Non-Participating Shares entitle holders to attend and vote at general meetings of the Company but do not entitle the holders to participate in the profits or assets of the Company except for a return of capital on a winding-up. Following the expiration of the initial offer of Shares in the Funds, the Non-Participating Shares may at the option of the Directors either be redesignated as Shares at the Offer Price or repurchased. The Non-Participating Shares shall have one vote for each Non-Participating Share held.

DESCRIPTION OF SHARES

Subject to the exceptions set out above regarding "**Transfer of Shares**", the Shares issued by the Company are freely transferable and entitled to participate equally in the profits and dividends of the relevant Fund and in its assets upon liquidation. The Shares, which are of no par value and which must be fully paid upon issue, carry no preferential or pre-emptive rights and are entitled to one vote each at all meetings of the relevant class of Shareholders. All Shares of each Fund will rank *pari passu*.

Where the amount subscribed is not equivalent to an exact number of Shares, fractions of Shares may be issued.

Shares in the Company will be issued in non-certificated form and will be evidenced by entries in the register and confirmed by the issue of written confirmations of ownership.

CONSTITUTION

The Constitution of the Company provides that the Company's sole object is the collective investment in transferable securities and/or other liquid financial assets referred to in the Regulations of capital raised from the public operating on the principle of risk spreading.

The following section is a summary of the principal provisions of the Constitution of the Company. Defined terms in this section bear the same meanings as defined in the Constitution.

1. **Variation of Rights**

The rights attached to any class may, whether or not the Company is being wound up, be varied or abrogated with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate general meeting of the holders of the Shares of the class. The provisions of the Constitution relating to general meetings shall apply to every such separate general meeting except that the necessary quorum at any such

meeting, other than an adjourned meeting, shall be two persons holding or representing by proxy at least one-third of the issued Shares of the class in question or, at an adjourned meeting, one person holding Shares of the class in question or his proxy. Any holder of Shares of the class in question present in person or by proxy may demand a poll.

2. **Voting Rights**

The Constitution provides that on a show of hands every member holding Shares, who is present in person or by proxy, shall have one vote. On a poll every member present in person or by proxy shall have one vote for every share of which he is the holder. Holders who hold a fraction of a share may not exercise any voting rights, whether on a show of hands or on a poll, in respect of such share. Holder and subscriber shares shall be entitled to one vote in respect of all the subscriber shares in issue. On a poll of all the members holding Shares of more than one class for the time being, the voting rights of Shareholders shall be adjusted in such manner, determined by the Directors, so as to reflect the most recently calculated price at which the Shares of each of the classes in question may be purchased by the Company.

3. **Changes in Share Capital**

The Company may from time to time by Ordinary Resolution increase its capital by such amount as the resolution shall prescribe.

The Company may, by Ordinary Resolution, alter its capital by consolidating and dividing its share capital into shares of larger amount than its existing shares, by sub-dividing its shares into shares of smaller amount than that fixed by the Constitution, or by canceling any shares which, at the date of the passing of the Ordinary Resolution in that behalf have not been taken, or agreed to be taken, by any person, and diminish the amount of its share capital by the amount of the shares so cancelled.

The Company may by Special Resolution from time to time reduce its share capital in any way. In particular, the Company may:-

- (a) extinguish or reduce the liability on any of its shares in respect of share capital not paid up; or
- (b) with or without extinguishing or reducing liability on any of its shares:-
 - cancel any paid-up share capital which is lost, or which is not represented by available assets;
 - pay off any paid-up share capital which is in excess of the requirements of the Company.

4. **Directors' Interests**

Provided the nature of his interest is or has been declared, a Director or intending Director may enter into any contract with the Company and such contract or arrangement shall not be liable to be avoided and the Director concerned shall not be liable to account to the Company for any profit realised by any such contract or arrangement by reason of his holding of that office or the fiduciary relationship so established and may hold any other office or place of profit with the

Company in conjunction with the office of Director on such terms as to tenure of office and otherwise as the Directors may determine.

A Director shall not vote or be counted in the quorum present on any resolution in respect of his appointment (or the arrangement of the terms of appointment) to hold any office or place of profit with the Company or in respect of any contract or arrangement in which he is materially interested. This prohibition does not apply (in the absence of some other material interest than is indicated below), inter alia, to:

- (a) the giving of any security or indemnity to him in respect of money lent or obligations incurred by him for the benefit of the Company;
- (b) any contract or arrangement by a Director to guarantee or underwrite shares or debentures of the Company;
- (c) any proposals concerning any other company in which he is directly interested whether as a director, shareholder, creditor or otherwise howsoever provided that he is not the holder of or beneficially interested in one per cent or more of any class of the issued equity share capital of such company (or of any third company through which his interest is derived) or of the voting rights available to members of the relevant company, any such interest being deemed for the purpose of the Constitution to be a material interest in all circumstances.

The Company may by Ordinary Resolution suspend or relax the provisions described above to any extent or ratify any transaction not duly authorised by reason of a contravention thereof.

5. Borrowing Powers

The Directors may exercise all the powers of the Company to borrow money (including the power to borrow for the purpose of repurchasing Shares) and mortgage or charge its undertaking, property and assets (including its uncalled capital) or any part thereof, provided that all such borrowings for the account of any Fund do not exceed 10% of the net assets of any such Fund or such other limit as may be provided for in the Regulations, and subject to such other limits and conditions as may be laid down by the Central Bank.

6. Retirement of Directors

There is no provision for the retirement of Directors on their attaining a certain age.

7. Transfer of Shares

Subject to certain exceptions in the case of U.S. Persons or certain other categories of persons specified in the Constitution, the Shares in each Fund of the Company are freely transferable and entitled to participate equally in the profits and dividends of a Fund to which they relate and in its assets upon liquidation.

8. Unclaimed Dividend

The Constitution provides that any dividend unclaimed after a period of 6 years from the date of declaration of such dividend shall be forfeited and shall revert to the Company for the account of the relevant Fund.

9. Fund

The Directors are required to establish a separate Fund for each Fund of the Company in the following manner:

- (a) the proceeds from the issue of each Fund of the Company shall be applied to the Fund established for that Fund of the Company, and the assets and liabilities and income and expenditure attributable thereto shall be applied to such Fund in the manner outlined below;
- (b) any asset derived from another asset comprised in a Fund shall be applied to the same Fund as the asset from which it was derived and any increase or diminution in value of such an asset shall be applied to the relevant Fund;
- (c) in the case of any asset which the Directors do not consider as attributable to a particular Fund or Funds, the Directors shall have discretion, subject to the approval of the Depositary, to determine the basis upon which any such asset shall be allocated between the Funds and the Directors shall, subject to the approval of the Depositary, have power at any time and from time to time to vary such basis;
- (d) any liability shall be allocated to a Fund or Funds to which in the opinion of the Directors it relates or if such liability is not attributable to any particular Fund, the Directors shall have discretion, subject to the approval of the Depositary, to determine the basis on which any asset shall be allocated between Funds and the Directors shall, subject to the approval of the Depositary, have power at any time and from time to time to vary such basis;
- (e) where the assets of the Company (if any) attributable to the Non-Participating Shares give rise to any net profit, the Directors may allocate assets representing such net profits to such Fund or Funds as they may deem appropriate.

Different classes of Shares may be issued within a single Fund.

WINDING UP

The Constitution contains provisions to the following effect:

- (i) if the Company shall be wound up the liquidator shall, subject to the provisions of the Companies Act (as may be amended from time to time) apply the assets of the Company attributable to each Fund in such manner and order as he thinks fit in satisfaction of creditors claims relating to that Fund.
- (ii) the assets available for distribution among the Shareholders shall then be applied in the following priority:
 - (a) First, in the payment to the holders of the Shares of each Fund of a sum in the currency in which that Fund is designated (or in any other currency selected by the liquidator) as nearly as possible equal (at a rate of exchange determined by the liquidator) to the aggregate Net Asset Value of the Shares of such Fund held by such holders respectively

as at the date of commencement to wind up provided that there are sufficient assets available to enable such payment to be made.

- (b) Secondly, in the payment to the holders of the Non-Participating Shares of sums up to the nominal amount paid thereon out of the assets of the Company.
 - (c) Thirdly, in the payment to the holders of the Shares of any balance then remaining, such payment being made in proportion to the number of Shares held.
- (iii) If the Company shall be wound up (whether the liquidation is voluntary, under supervision or by the Court) the liquidator may, with the authority of a Special Resolution and any other sanction required by the Companies Act, divide among the members in specie the whole or any part of the assets of the Company, and whether or not the assets shall consist of property of a single kind, and may for such purposes set such value as he deems fair upon any one or more class or classes of property, and may determine how such division shall be carried out as between the members or different classes of members. The liquidator shall, if any Shareholder so requests, liquidate or otherwise dispose of sufficient assets in order to enable the liquidator to distribute the cash proceeds thereof, net of all duties and charges incurred in connection with the sale of such underlying investments, to the Shareholder in question. The liquidator may, with the like authority, vest any part of the assets in trustees upon such trusts for the benefit of members as the liquidator, with the like authority, shall think fit, and the liquidation of the Company may be closed and the Company dissolved, but so that no member shall be compelled to accept any assets in respect of which there is liability.

MATERIAL CONTRACTS

The following contracts, not being contracts entered into in the ordinary course of business, have been entered into since the incorporation of the Company and are, or may be, material:-

Investment Management Agreement

- (a) Under the Investment Management Agreement referred to above between the Company and the Investment Manager, the Investment Manager has agreed to provide the Company with investment management and advisory services in relation to the assets of the initial Funds and to act with day to day authority, power and responsibility for the investment and reinvestment of such assets.
- (b) The Investment Management Agreement may be terminated by the relevant parties on not less than 90 days written notice although in certain circumstances the agreement may be terminated forthwith by notice in writing by either party to the other.
- (c) The Investment Management Agreement also contain certain indemnities in favour of the Investment Manager which are restricted to exclude matters arising by reason of the negligence, fraud, bad faith, wilful default or recklessness of the Investment Manager in the performance of its duties.

Depository Agreement

- (d) Under the Depository Agreement, referred to above between the Company and the Depository, the Depository has agreed to act as Depository of the Company's monies and

assets. The Depositary is entitled to appoint sub-custodians for the safe custody of the Company's assets

Administration Agreement

- (a) Pursuant to an administration agreement dated 19 April 2007, Bank of Ireland Securities Services Limited was appointed as administrator to the Company. Bank of Ireland Securities Services Limited subsequently changed its name to "Northern Trust Securities Services (Ireland) Limited". Pursuant to a novation agreement dated 3 December 2012 between the Company, Northern Trust Securities Services (Ireland) Limited and Northern Trust International Fund Administration Services (Ireland) Limited, Northern Trust Securities Services (Ireland) Limited retired as administrator of the Company with effect from midnight on 31 December, 2012 and in its stead Northern Trust International Fund Administration Services (Ireland) Limited was appointed. Both agreements (as may be amended from time to time) shall together be referred to as the "Administration Agreement".
- (b) Under the Administration Agreement referred to above, the Administrator has agreed to carry on the general administration of the Company.
- (c) The Administration Agreement may be terminated by either party on not less than 90 days' written notice to the other although in certain circumstances the Agreement may be terminated forthwith by notice in writing by either party to the other.
- (d) The Administration Agreement contains certain indemnities in favour of the Administration which are restricted to exclude matters arising by reasons of the fraud, wilful misfeasance, negligence, bad faith or reckless disregard in the performance of its duties

Litigation and Arbitration

The Company is not engaged in any legal or arbitration proceedings and no legal or arbitration proceedings are known to the Directors to be pending or threatened by or against the Company.

Miscellaneous

At the date of this document, the Company does not have any loan capital (including term loans) outstanding or created but unissued, or any outstanding mortgages, charges, debentures or other borrowings or indebtedness in the nature of borrowings, including bank overdrafts, liabilities under acceptance (other than normal trade bills) or acceptance credits, obligations under finance leases, hire purchase commitments, guarantees or other material contingent liabilities. There are no service contracts in existence between the Company and any of its Directors nor are any such contracts proposed.

No Director is materially interested in any contract or arrangement subsisting at the date hereof which is unusual in its nature and conditions or significant in relation to the business of the Company.

At the date of this document (other than as disclosed above under "Incorporation and Share Capital"), neither the Directors nor their spouses nor their infant children nor any connected persons have any interest in the share capital of the Company or any options in respect of such capital.

No share or loan capital of the Company is under option or is agreed conditionally or unconditionally to be put under option.

No commission, discounts, brokerage or other special terms have been granted by the Company in relation to Shares issued or to be issued by the Company; on any issue or sale of Shares, the Investment Manager may, out of its own funds or out of the sales charges, pay commissions on applications received through brokers and other professional agents or grant discounts.

The Company does not have a place of business in the United Kingdom.

Documents for Inspection

Copies of the following documents are available for inspection, free of charge, during normal business hours on weekdays (Saturdays and public holidays excepted) at the registered office of the Company, 5th Floor, The Exchange, George's Dock, IFSC, Dublin 1, Ireland.

- Constitution of the Company;
- the material contracts referred to above;
- the latest available annual and semi-annual reports;
- the Regulations and Central Bank UCITS Regulations;

Copies of the Constitution (as amended from time to time) and the latest financial reports of the Company may be obtained, free of charge, upon request at the registered office of the Company.

DATA PROTECTION

Prospective investors should note that by completing the Application Form they are providing personal information, which may constitute personal data within the meaning of the Data Protection Legislation. This data will be used for the purposes of client identification and the subscription process, administration, transfer agency, statistical analysis, research, compliance with any applicable legal, tax or regulatory requirements and disclosure to, and in relation to, the Company, its delegates, and agents. All or part of this data will be retained as per regulatory requirements once the relationship ends.

Investors' data may be disclosed and / or transferred to third parties including financial advisors, regulatory bodies, tax authorities, auditors, technology providers or to the Company and its delegates and its or their duly appointed agents and any of their respective related, associated or affiliated companies wherever located (including to countries outside of the EEA including without limitation such as the USA, which may not have the same data protection laws as Ireland) for the purposes specified.

The Company is a data controller within the meaning of Data Protection Legislation and undertakes to hold any personal information provided by investors in confidence and in accordance with Data Protection Legislation.

Pursuant to Data Protection Legislation, investors have a right of access to their personal data kept by or on behalf of the Company and the right to amend and rectify any inaccuracies in their personal data held by or on behalf of the Company by making a request to the Company in writing. Investors also have a right to be forgotten and a right to restrict or object to processing in a number of circumstances. In certain limited circumstances, a right to data portability may apply. Where investors give consent to the processing of personal data, this consent may be withdrawn at any time.

By signing the Application Form, prospective investors consent to the recording of telephone calls made to and received from investors by the Company, their delegates, its duly appointed agents and any of their

respective related, associated or affiliated companies for record keeping, security and/or training purposes.

A copy of the data privacy statement of the Company is available upon request from the Investment Manager.

APPENDIX III

AUTHORITY GUIDELINES ON EFFICIENT PORTFOLIO MANAGEMENT

The Company may employ investment techniques and instruments for efficient portfolio management of the assets of any Fund including hedging against market movements, currency exchange or interest rate risks under the conditions and within the limits stipulated by the Central Bank under the Regulations and Central Bank UCITS Regulations and described below. The use of such investment techniques and instruments when used for hedging purposes will reduce the risk to the value of the portfolio of adverse movements in the market, currency exchanges or interest rates. Conversely, gains may be slightly reduced in cases when market movements, currency exchanges or interests rates move in a beneficial way to the relevant Fund.

Efficient Portfolio Management Techniques

To the extent that a Fund uses techniques and instruments for efficient portfolio management, which shall be disclosed in the relevant Supplement, the Company shall comply with the conditions and limits laid down from time to time by the Central Bank under the Regulations and Central Bank UCITS Regulations and set out below.

The Company may employ investment techniques and instruments for efficient portfolio management of the assets of the Company or of any Fund under the conditions and within the limits stipulated by the Central Bank under the Regulations and Central Bank UCITS Regulations and described below. In this respect, the Company may:

- (a) for the purposes of hedging (whether against currency exchange or interest rate risks or otherwise), enter into put and call options, spot and forward contracts, financial futures, stock and bond index futures contracts, interest rate swaps, exchange rate swaps and credit default swaps, repurchase and reverse repurchase agreements and securities lending agreements. In particular, a Fund may seek to hedge its investments against currency fluctuations which are adverse to its base currency by utilizing currency options, futures contracts and forward foreign exchange contracts;
- (b) from time to time make use of exchange traded stock index and other futures contracts for the purpose of efficient portfolio management to enable it to maintain the appropriate exposure to stock and other markets in accordance with the Investment Manager's recommended overall asset allocation. The use of exchange traded stock index and other futures contracts by the Company will be subject to the conditions and limits laid down by the Central Bank under the Regulations; and
- (c) exchange traded and non-exchange traded contracts for differences for the purpose of efficient portfolio management to enable it to reduce the cost of buying, selling and holding equity and other investments. A "contract for differences" is a contract intended to secure a profit or avoid a loss by reference to fluctuations in the value or price of property of any description or in an index or other factor designated for that purpose in the contract.

All revenues from these techniques and instruments, net of direct and indirect operational costs will be returned to the relevant Fund. Only direct operational fees charged by third parties unrelated to the Investment Manager will be deducted from any such revenues. Any such direct and indirect operational costs do not include hidden revenue for the Investment Manager or parties related to it, although fees may be payable to counterparties and/or the Investment Manager and/or the Depositary and/or entities related them in relation to such techniques.

Use of FDI

A Fund may, for the purposes of hedging whether against market movements, currency exchange or interest rate risks or otherwise, enter into FDI such as, but not limited to, put and call options, spot and forward contracts, financial futures and stock and index futures contracts, swaps, repurchase and reverse repurchase agreements and securities lending agreements.

In particular, a Fund may seek to hedge its investments against currency fluctuations which are adverse to its base currency by utilizing currency options, futures contracts and forward foreign exchange contracts.

If a Fund uses FDI for efficient portfolio management purposes, this will be stated in the relevant Supplement and a risk management process in accordance with the Central Bank UCITS Regulations will be submitted to the Central Bank in advance of the relevant Fund using any such FDI. Each Fund may only utilise FDI listed in the risk management process as cleared by the Central Bank.

In the event that a Fund uses FDI, the Company or its delegate will, on request, provide supplementary information to Shareholders relating to the risk management methods employed including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments.

A Fund may not be leveraged or geared in any way through the use of derivative instruments.

The annual report of the Company will contain details of the exposure obtained through efficient portfolio management techniques, the identity of the counterparty or counterparties to these techniques, the type and amount of collateral received by the Fund to reduce counterparty exposure and the revenues arising from these techniques for the entire reporting period together with the direct and indirect operational costs and fees incurred.

Permitted Types of Collateral

All assets received by the Company in the context of efficient portfolio management techniques will be considered as collateral.

Where collateral is received by the Company, the following criteria will apply:

(a) Liquidity

Any collateral received other than cash will be highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation

(b) Valuation

Collateral received will be valued on at least a daily basis and assets that exhibit high price volatility will not be accepted as collateral unless suitably conservative haircuts are in place.

(c) Issuer credit quality

Collateral received will be of high quality. Where the issuer is subject to a credit rating by an agency registered and supervised by ESMA, that rating shall be taken into account by the Company in the credit assessment process. Where an issuer is downgraded below the two highest short-term credit ratings by the credit rating agency referred to in the preceding sentence, this shall result in a new credit assessment being conducted of the issuer by the Company without delay.

(d) Correlation

The collateral received will be issued by an entity that is independent from the counterparty and will not display a high correlation with the performance of the counterparty.

(e) Collateral diversification (asset concentration)

Collateral will be sufficiently diversified in terms of country, markets and issuers. The criterion of sufficient diversification with respect to issuer concentration is considered to be respected if the Company receives from a counterparty of efficient portfolio management and over-the-counter financial derivative transactions a basket of collateral with a maximum exposure to a given issuer of 20% of its net asset value. When the Company is exposed to different counterparties, the different baskets of collateral will be aggregated to calculate the 20% limit of exposure to a single issuer and (ii) a Fund may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, a third country, or a public international body to which one or more Member States belong. Such a Fund should receive securities from at least 6 different issues, but securities from any single issue should not account for more than 30% of the Fund's Net Asset Value. Where a Fund intends to be fully collateralised in securities issued or guaranteed by a Member State, this will be disclosed in the Supplement with respect to that Fund. The relevant Supplement with respect to a Fund should also identify the Member States, local authorities, or public international bodies or guaranteeing securities which the Fund is able to accept as collateral for more than 20% of its Net Asset Value.

Counterparty risk exposures will be aggregated across both FDI and efficient portfolio management techniques when calculating the counterparty risk limits. Risks linked to the management of collateral, such as operational and legal risks, are identified, managed and mitigated by the RMP.

Any collateral received will be capable of being fully enforced by the Company at any time without reference to or approval from the counterparty.

Where there is a title transfer, the collateral received will be held by the Depositary. For other types of collateral arrangement, the collateral can be held by a third party Depositary which is subject to prudential supervision, and which is unrelated to the provider of the collateral.

Where cash is received as collateral, it may only be:

8. placed on deposit with Relevant Institutions, which are capable of being withdrawn within five working days or such shorter time as may be dictated by the repo contract;
9. invested in high quality government bonds;
10. used for the purpose of reverse repurchase agreements provided the transactions are with credit institutions subject to prudential supervision and the Company is able to recall at any time the full amount of cash on accrued basis; and
11. invested in short-term money market funds as defined in the Guidelines on a Common Definition of European Money Market Funds. If investment is made in a linked fund, as described in 3.4 under the heading “Investment Restrictions” above, no subscription, redemption or conversion charge can be made by the underlying money market fund.

Invested cash collateral held at the credit risk of the Fund, other than cash collateral invested in government or public securities or money market funds, must be diversified so that no more than 20% of the collateral is invested in the securities of, or placed on deposit with, one institution. Invested cash collateral may not be placed on deposit with, or invested in securities issued by the counterparty or a related entity.

Any Fund which receives collateral for at least 30% of its assets will have an appropriate stress testing policy in place to ensure regular stress tests are carried out under normal and exceptional liquidity conditions to enable the UCITS to assess the liquidity risk attached to the collateral.

Non-cash collateral (i) cannot be sold or pledged or re-invested by the Company; (ii) must be held at the credit risk of the counterparty; (iii) must be issued by an entity independent of the counterparty and (iv) must be diversified to avoid concentration in one issue, sector or country.

In circumstances where collateral is received, the Investment Manager, on behalf of the Company, will adopt a written haircut policy, which will be tailored for each class of assets received as collateral and will take into account the characteristics of the assets such as the credit standing or the price volatility, as well as the outcome of any stress tests performed.

Use of Repurchase/Reverse Repurchase Agreements and Stock Lending Arrangements

The Fund may, for efficient portfolio management purposes only, enter into repurchase agreements, reverse repurchase agreements and stock lending arrangements subject to the conditions and limits set out in the Central Bank UCITS Regulations.

Under a repurchase agreement, the Fund acquires securities from a seller (for example, a bank or securities dealer) who agrees, at the time of sale, to repurchase the security at a mutually agreed-upon date (usually not more than seven days from the date of purchase) and price, thereby determining the yield to the relevant Fund during the term of the repurchase agreement. The resale price reflects the purchase price plus an agreed upon market rate of interest which is unrelated to the coupon rate or maturity of the purchased security. The Fund may enter into reverse repurchase agreements under which it sells a security and agrees to repurchase it at a mutually agreed upon date and price. A Fund may not grant loans or act as guarantor on behalf of

third parties. This is without prejudice to the right of a Fund to acquire debt securities. This will not prevent a Fund from acquiring transferable securities, money market instruments, collective investment schemes or FDI, which are not fully paid up.

Where the Fund enters into a repurchase agreement, it will ensure that it is able at any time to recall any securities subject to the repurchase agreement or to terminate the repurchase agreement into which it has entered.

The Fund must ensure that it is able at any time to recall any security that has been lent out or terminate any securities lending agreement into which it has entered.

The Fund may only enter into repo contracts where it can ensure that it is able at any time to recall the full amount of cash or to terminate the repo contracts on either an accrued basis or a mark-to-market basis. When the cash is callable at any time on a mark-to-market basis, the mark-to-market value of the repo contracts will be used for the calculation of the net asset value of the Fund.

Fixed-term repo contracts that do not exceed seven days will be considered as arrangements on terms that allow the assets to be recalled at any time by the Fund.

The Fund may only enter into repo contracts and stock lending arrangements with counterparties which have a minimum credit rating of A2 or equivalent, or must be deemed by the Company to have an implied rating of A2. Where such a counterparty is downgraded to A2 or below (or comparable rating) by that credit rating agency, this shall result in a new credit assessment being conducted of the counterparty by the Company without delay.

The Fund will, on request, provide supplementary information to shareholders relating to the risk management methods employed in relation to such agreements, including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments.

Until the expiry of a repo contract, collateral obtained under such contract or arrangement must: (a) be marked to market daily; (b) equal or exceed, in value, at all times, the value of the amount invested or securities loaned; (c) be transferred to the Depositary, or its agent (this is not applicable in the event that a Fund uses a tri-party collateral management services of International Central Securities Depositories' and Relevant Institutions which are generally recognised as specialists in this type of transaction but the Depositary must be a named participant to the collateral arrangements); and (d) be immediately be available to the relevant Fund without recourse to the counterparty in the event of a default of that counterparty.

Notwithstanding the above, the Company may enter into stocklending programmes organised by generally recognised International Central Securities Depositories Systems provided that the programme is subject to a guarantee from the system operator.

In addition, the Company must have the right at any time to terminate any stock lending agreement entered into by it, and to demand the return of any or all securities lent within five Business Days or such other period observed as normal market practice.

Repo contracts and stock lending arrangements do not constitute borrowing or lending for the purposes of Regulations 103 and 111 respectively.

Contracts for Differences

Where non-exchange traded contracts for differences are used by the relevant Fund, the Company will ensure that (i) the counterparty has shareholder funds in excess of €125 million or foreign currency equivalent; (ii) the name of the counterparty is disclosed in the subsequent half-yearly or annual report of the Company; (iii) the Depositary is satisfied that the counterparty has agreed to value the transaction at least weekly and to close out the transaction at the request of the Investment Manager at a fair value; and (iv) initial outlay in respect of any contracts for differences to any one counterparty does not exceed 5% of the Net Asset Value of the relevant Fund. Use of the aforesaid techniques and instruments involves certain risks and there can be no assurance that the objective sought to be obtained from the use of such instruments will be achieved.

“Delayed Delivery” and “When Issued” Securities

Subject to the investment restrictions, a Fund may purchase debt obligations on a “delayed delivery” or “when-issued” basis, that is, for delivery to the Fund later than the normal settlement date for such securities, at a stated price and yield. Such securities are termed “delayed delivery” when traded in the secondary market, or “when-issued” in the case of an initial issue of securities. The Fund generally would not pay for such securities or start earning interest on them until they are received. However, when the Fund undertakes a delayed delivery or when-issued purchase obligation, it immediately assumes the risk of ownership, including the risk of price fluctuation. Failure by the issuer to deliver the securities may result in a loss or missed opportunity for the Fund to make an alternative investment.

Currency Transactions

A Fund is permitted to invest in securities denominated in a currency other than the base currency of the Fund and may purchase currencies to meet settlement requirements. In addition, subject to the restrictions imposed by the Regulations, a Fund may enter into various currency transactions, i.e. forward foreign currency contracts, currency swaps, foreign currency or currency index futures contracts and put and call options on such contracts or on currencies, to protect against uncertainty in future exchange rates. Forward foreign currency contracts are agreements to exchange one currency for another - for example, to exchange a certain amount of Euro for a certain amount of US Dollars - at a future date. The date (which may be any agreed-upon fixed number of days in the future), the amount of currency to be exchanged and the price at which the exchange will take place are negotiated and fixed for the term of the contract at the time that the contract is entered into. Under the Regulations, uncovered positions in currency derivatives are not permitted.

Currency transactions undertaken by a Fund to alter the currency exposure characteristics of transferable securities held by that Fund through the purchase or sale of currencies other than the currency of denomination of that Fund or the relevant transferable securities must not be speculative in nature i.e. they must not constitute an investment in their own right. To the extent that such currency transactions alter the currency characteristics of transferable securities of a Fund, they must be fully covered by the cash flows of the transferable securities held by that Fund, including any income there from. A Fund may not be leveraged or geared in any way through the use of currency transactions.

Currency transactions which alter currency exposure characteristics of transferable securities held by a Fund may only be undertaken for the purposes of a reduction in risk, a reduction in costs

and/or an increase in capital or income returns to that Fund. Any such currency transactions must be used in accordance with the investment objective of a Fund (i.e. the currencies to which the Fund is exposed must be currencies in which it can invest directly) and must be deemed by the Investment Manager to be economically appropriate. The performance of a Fund may be strongly influenced by movements in currency rates because currency positions held by the Fund may not correspond with the securities positions held. Details of transactions entered into during the reporting period and the resulting amounts of commitments must be disclosed in the periodic reports of the Fund.

A Fund may "cross-hedge" one foreign currency exposure by selling a related foreign currency into the base currency of the Fund. Also, in emerging or developing markets, local currencies are often expressed as a basket of major market currencies such as the U.S. Dollar, Euro or Japanese Yen; a Fund may hedge the exposure to currencies other than its base currency in the basket by selling a weighted average of those currencies forward into the base currency."

APPENDIX IV

MARKETS

The markets and exchanges are set out in the Constitution in accordance with the requirements of the Central Bank which does not issue a list of approved markets and exchanges. With the exception of permitted investments in unlisted securities, the Company will only invest in securities traded on a stock exchange or market which meets with the regulatory criteria (regulated, operate regularly, be recognised and open to the public) and which is listed in the Prospectus. The stock exchange and/or markets will be drawn from the following list: -

(i) any stock exchange which is:

(a) located in any Member State; or

(b) located in any of the following countries:-

Australia
Canada
Japan
New Zealand
Norway
Switzerland
United States of America; or

(ii) any stock exchange included in the following list:-

Argentina	Buenos Aires Stock Exchange
Argentina	Mercado Abierto Electronico S.A.
Argentina	Mercado De Valores De Buenos Aires S.A.
Argentina	Mercado A Termino De Buenos Aires S.A.
Argentina	Bolsa De Comercio De Mendoza S.A.
Argentina	Bolsa De Comercio Rosario
Brazil	BM&FBOVESPA S.A.
Brazil	Bolsa De Valores
Brazil	Mercadorias e Futuros
Chile	La Bolsa Electronica De Chile
Chile	Santiago Stock Exchange
China	Shanghai Stock Exchange
China	Shenzhen Stock Exchange
Egypt	Egyptian Stock Exchange
Hong Kong	Stock Exchange Of Hong Kong Ltd, The
India	Bangalore Stock Exchange Ltd
India	Calcutta Stock Exchange
India	Delhi Stock Exchange
India	Madras Stock Exchange
India	Mumbai Stock Exchange
India	National Stock Exchange of India
Indonesia	Indonesian Stock Exchange
Korea, Republic of	Korea Exchange

Malaysia	Bursa Malaysia
Mexico	Bolsa Mexicana De Valores (Mexican Stock Exchange)
Peru	Bolsa De Valores De Lima
Philippines	Philippines Stock Exchange, Inc.
Singapore	Singapore Exchange
South Africa	Jse Securities Exchange
Taiwan	Gretai Securities Market
Taiwan	Taiwan Stock Exchange
Thailand	Stock Exchange of Thailand
Turkey	Istanbul Stock Exchange

(iii) any of the following:

the market organised by the International Capital Market Association;

the “listed money market institutions”, as described in the Bank of England publication "The Regulation of the Wholesale Markets in Sterling, Foreign Exchange and Bullion" dated April 1988 (as amended from time to time);

a market comprising dealers which are regulated by the Federal Reserve Bank of New York and the United States Securities and Exchange Commission;

a market comprising dealers which are regulated by the United States National Association of Securities Dealers with the Financial Industry Regulatory Authority and the United States Securities and Exchange Commission;

NASDAQ; and

The over-the-counter market in the United States regulated by the Financial Industry Regulatory Authority. (also described as the over-the-counter market in the United States conducted by primary and secondary dealers regulated by the Securities and Exchanges Commission and by the National Association of Securities Dealers with Financial Industry Regulatory Authority (and by banking institutions regulated by the US Comptroller of the Currency, the Federal Reserve System or Federal Deposit Insurance Corporation);

The French market for Titres de Créances Négotiables (over-the-counter market in negotiable debt instruments);

the over-the-counter market in Canadian Government Bonds, regulated by the Investment Industry Regulatory Organisation of Canada.

FDI

In the case of an investment in FDI, in any derivative market approved in a member state of the European Economic Area and the following exchanges or markets:

American Stock Exchange, Chicago Mercantile Exchange, Chicago Board of Options Exchange, Chicago Board of Trade, Coffee, Sugar and Cocoa Exchange, Iowa Electronic Markets, Kansas City Board of Trade, Mid-American Commodity Exchange, Minneapolis Grain Exchange, New York Cotton Exchange, New York Mercantile Exchange, Twin Cities Board of Trade.

For the purposes only of determining the value of the assets of a Fund, the term “Recognised Market” shall be deemed to include, in relation to any derivatives contract used, any market or

exchange on which such contract may be acquired or sold which is referred to in (i)(a) or (iii) hereof or which is in the European Economic Area, is regulated, recognised, operates regularly and is open to the public.

SCHEDULE 1

List of sub-custodial agents appointed by The Northern Trust Company.

The Northern Trust Company, London branch has appointed the following entities as sub-delegates in each of the markets set forth below. This list may be updated from time to time and is available upon request in writing from the Administrator or the Depositary. The Depositary does not anticipate that there would be any specific conflicts of interest arising as a result of any delegation to The Northern Trust Company or any of the sub-delegates listed below. The Depositary will notify the board of the ICAV of any such conflict should it so arise.
