**Commentary**

The Fund posted a slightly negative performance in October underperforming the benchmark, following the strong positive performance registered the previous month. The main positive contributors to the Fund's performance were the US Treasuries, Safilo 2019 convertible bond and Fiat Chrysler Automobiles 2020 bond. Safilo 2019 convertible bond in particular benefitted from the shareholders' approval of the already announced capital increase. The main detractors to the Fund performance during the month were Buzzi Unicem 2019 convertible bond, Atlantia 2017 senior bond, Government of Norway 2019 bond and Pirelli 2023 bonds. During the month the main trades executed were the partial sale of the Safilo 2019 convertible bond, the complete sale of the US Treasuries, and the purchases Ferrari 2021 and Daimler 2021 corporate bonds.
